

School Board Sets Dates For Classes For Coming Year

Approves Purchase Of New 61-Passenger Bus At Monthly Meet

The governing board of the Tahoe-Truckee Unified School District at their May meeting reviewed the tentative school calendar year for the 1955-56 terms and decided to continue the policy established for the current year.

That means that school will start in the district September 6 and close June 8, 1956, which makes a total of 180 school days, with a two weeks Christmas vacation, one week at Easter and two days for Thanksgiving.

The board approved purchase of a new Gillig bus at a price of \$16,083.45. This will be a 61-passenger bus with semi-reclining seats and will be used for long trips as well as in the district.

May 30 was approved as a school holiday with the exception of Donner Trail School which was closed April 26 because of snow conditions.

A maximum speed limit for all school buses was approved unanimously and the speed was set for 45 miles per hour.

Superintendent E. V. O'Rourke informed the board the faculty and administrators have been discussing the necessity for an extension class during the 1955-56 school year. This class would be in the realm of language arts and would be conducted by Sacramento State College, under the direction of Dr. Bamman and Dr. Dawson, one of whom will be the workshop consultant during the district workshop to be conducted August 29 through September 2, 1955.

Tentative plans are to continue this class one day a month during the months of September, October, November, January, February and March. Teachers wishing to take the course for necessary credit would be able to earn three units. The board approved the organization and commencement of this class.

Hahns Leaving To Seek New Location

Dr. and Mrs. George A. Hahn are preparing to leave Truckee next Tuesday to enjoy an extended vacation before seeking a new location where the doctor will continue his practice of medicine.

The decision was reached only recently. The doctor hopes to find a milder climate for relief of a sinus condition.

Dr. Hahn came to Truckee three years ago and opened his offices in the Southern Pacific Hotel. He has enjoyed a good practice and made scores of friends throughout the area. He and Mrs. Hahn were married after his arrival and they have made their home in one of the Rex Reid houses at Donner Lake. He was head of the medical staff at the Tahoe Forest Hospital for one year and has been a consistent booster for that institution.

Dr. Hahn said he will store his equipment for the time being but will use it later when he finds a suitable location. During the next few weeks the couple plans to visit their relatives in the east and spend some time looking for a desirable place for their home and practice.

Their many friends will regret the departure of the Hahns but will join in wishing them success.

Mrs. Thatcher Devotes Time to Real Estate Sales

Mrs. John Finnegan is replacing Mrs. Judy Thatcher as secretary in the real estate and insurance offices of R. N. Little here while Mrs. Thatcher devotes her full time as real estate salesman here and at Lake Tahoe for the firm. The latter has had considerable experience in real estate work in this area.

Little will continue in both real estate and insurance transactions with the assistance of Mrs. Finnegan in the office.

COUNTY RICHER BY LARGE LOCAL FUND

Nevada County is richer by \$3674 today as the result of fines and fees turned in by Judge F. W. Wilson of the Truckee Judicial Court for the month of May.

The breakdown for the near-record month shows \$3,629.50 collected from traffic fines, \$50 from fish and game violators, \$8.50 in civil fees and \$186 in driver training tax.

STORE HOURS

Dave Rose, manager of Rose Brothers Market, this week announced that effective today, the new store hours will be from 8 a.m. until 9 p.m. The announcement on the weekly circulars giving 10 p.m. as the closing hour, is in error.

Drunk Drivers In This Area Keep Police, Court Busy

Officers of the California Highway Patrol and the judges in the local courts were kept reasonably active during the weekend as a number of drivers were hauled into court on charges of drunk driving and with violating the county sobriety ordinances.

One driver, John K. Noel, 44, was one of the eight or nine defendants who faced the courts twice for violations of similar nature. Noel, who operates a truck for a bay area van concern, was fined \$25 for being drunk after he and Morrison A. McCormick of Truckee were arrested by Patrolman T. F. Sheehan while they were assisting in taking McCormick's car from the Truckee River where it plunged Saturday night. McCormick, too, was hauled before Judge Harry Charrison for a \$25 fine on the same charge.

Monday about noon, Noel was again arrested. This time for drunk driving and taken before Judge W. Wilson and was fined \$250 plus tax. He was cited the second time by Patrolman Sheehan.

Jay Haughey, Jr., Minden, Nev., was sentenced to spend 54 days in jail in lieu of a \$250 fine on a drunk driving charge following his arrest by Patrolman Carroll Maynard Sunday. His companion, Rodney C. Miles of Minden paid a \$50 fine for being drunk.

Harry Randolph Swanson, 68, Francisco, was fined \$250 by Judge Wilson following his arrest by Patrolman William Gautsche Monday after a wreck at Hirschdale. Swanson upset his car but was not hurt.

Bruce H. Zortman, Alameda, paid a \$250 fine to Judge Wilson after his arrest by Patrolman Lyle Tice Sunday at Norden on a drunk driving count.

Donald Lee Robertson, a transient, arrested with Noel on the latter's second offense, was fined \$50 but elected to spend 10 days in jail for violating the county's sobriety ordinance.

Andrew Tilson, whose troubles are cited in another item in today's Sun, was fined \$350 by Judge Wilson to top off a record weekend.

At Tahoe City, Lewis Parks of Kings Beach paid a \$250 fine on a drunk driving charge before Judge Charrison. He was cited by Patrolman Sheehan.

Smith To Teach Here In Elementary Class

The outstanding success of the high school dramatic class presentation of Heart of a Hero, written and directed by Hugh Smith and James Pringle of the school faculty, marked a fitting close for Smith's dramatic efforts in the local school.

Smith plans to study for his master's degree in Colorado this summer and will return to teach in the fifth grade of the Truckee Elementary School next semester. His work in dramatics at the high school has been excellent and he will be missed there. He will replace Douglas Wilson at the elementary school, the latter having resigned.

Al Bradshaw Reported Ill In Bay City Hospital

His many friends here will be sorry to hear that Al Bradshaw, former Truckee resident and veteran Southern Pacific engineer, is seriously ill in Stanford Lane Hospital at San Francisco where he underwent a major operation on May 9. He will not be able to return to work for at least four months and in the meantime would appreciate hearing from some of his friends here.

Bradshaw was active in the Truckee Outdoor Sportsmen here and headed that organization for three years.

CHAMBER MEET

The Truckee Chamber of Commerce will hold a luncheon meeting in Donner Lake Lodge on June 1 at 12:30 when important matters will be discussed, according to Hal Welch, president of the organization.

BACK FOR 25TH YEAR

Wing Yee, chef at Homewood Resort since 1930 has returned for the seasonal opening Friday, May 27th, Don Huff, owner-operator, reports.

Blood Deposit At Hospital Will Be Held On June 1st

Womens Clubs Will Assist In Drive To Obtain 100 Pints

The blood bank of the Tahoe Forest Hospital is in need of replenishing and Administrator John J. McGlade has announced the mobile unit from Reno will be here Wednesday, June 1, from 2:30 on for the purpose of receiving deposits.

McGlade said the hospital staff is hopeful of obtaining 100 pints of blood during the afternoon and all the women's clubs of the area are being requested to contact potential donors and secure appointments for the time the unit is here.

McGlade pointed out that during the past six months, 58 units of blood have been used in the local hospital and of that total 48 units were given to local people. The breakdown shows 10 units were required for accident victims, 20 units during 10 surgical cases and 28 units for 11 medical cases.

The blood bank, McGlade explained does the following:

(1) Provide blood insurance for their members and dependents.

(2) Relieve the patient's families of the need to secure donors during critical illness when the burden of anxiety and worry is already great.

(3) Help the blood bank keep an adequate and continuous supply of blood on hand for transfusions to patients who need them.

(4) Promote a closer knit organization through giving for the benefit of each other.

Anyone wishing to participate in the program is urged to telephone the hospital at Truckee 90 and ask for an appointment.

33 BOYS FIRST IN LOCAL DE MOLAY AS CEREMONY HELD

Tahoe-Truckee Chapter Order of DeMolay was instituted May 21 and a class of 33 charter members were initiated.

The degree team was made up of members from Reno, Sparks and Yerington. A fine representation of 17 coming from Yerington and some 25 from Reno and Sparks.

A dinner was served by the ladies of the Eastern Star to some 150.

The flower talk which preceded the installation was put on in a splendid manner and the 200 who were in attendance sat here with bated breath as they watched and listened. The splendid co-operation given by the community in their attendance made the boys happy and certainly sent them off to a good start, knowing that everyone was behind them in this new venture.

They will hold their first meeting June 1 at 8 p.m. in the Masonic Temple and the support of the Master Masons is earnestly requested.

DOCTOR'S OFFICE ROBBED OF CASH

A thief Monday night broke into the office of Dr. L. D. Nelson at Gateway Park, took \$175 in currency from a desk drawer and left everything else unharmed.

Deputy Sheriff Roy Waters said the intruder entered the office by breaking a latch on a rear window.

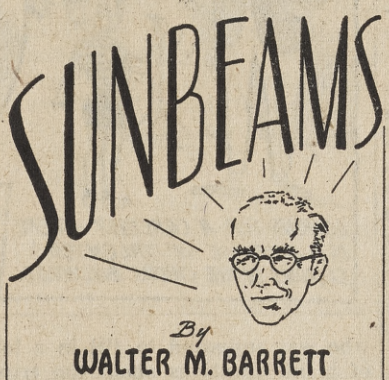

The money taken had been placed in an envelope and put into a desk drawer. Another small sum of currency in a second envelope and checks were not taken.

Waters said he is investigating suspects in the case.

School Board Meets Here To Canvass Votes

Because a quorum was not present, the special meeting of the governing board of the Tahoe-Truckee School District, scheduled for Monday night was not held. The board met this morning and counted 92 votes for Jack Felte of Kings Beach who was an unopposed candidate to replace Tom Lucas on the board.

The next regular meeting of the board will be held June 14.

The number of accidents, coupled with the number of arrests for drunk driving the past week should give us food for serious thought. Fortunately none of the accused drunk drivers was involved in any serious accident, but their apprehension was a definite warning of potential danger. It is up to every driver to assume that he is meeting or passing an unsafe operator and be guided accordingly. Especially over the holiday weekend approaching will it be wise to control speed and be more than watchful on the highways. We can cut down our traffic accidents if we all obey the laws and use caution at all times.

Footnotes of the West—the musical revue presented by the children of the elementary grades of the school district last Friday evening—well earned the applause it received. The participants showed outstanding talent as well as reflecting the hours of rehearsals which went into the production, and we feel that the festival of music added further proof of the value of our schools and the desire of the children to join in worthwhile endeavors.

Five are Hurt As Two Cars Crash On Donner Road

Five people were injured, some of them seriously when cars driven by Buron J. Blair, 66, Los Molinas, and Harry Haas, 64, San Francisco, collided headon half a mile west of Norden a 4 o'clock Sunday afternoon.

All five occupants of the two cars were rushed to the Tahoe Forest Hospital by the Truckee ambulance with serious injuries.

Others in the cars were Mrs. Marguerite Haas traveling east with her husband and Gordon E. Blair, Albany, and Mrs. Grace E. Blair of Redding, who were in the Blair car. Haas is a jewelry salesman and is well known here.

Blair told State Patrolmen William Gautsche and Lyle Tice, who made the investigation, that he was momentarily blinded by the sun and ran over the center line. The officers indicated he would be cited for being on the wrong side of the road.

Car Overturns

John Francis Linthicum, 32, Alameda, escaped injury when his car ran off the road and overturned a mile and a half north of Tahoe City last Thursday night. The driver told Patrolman Martin Sturcke he fell asleep. He was cited.

Street Washing Is Planned Tomorrow

Motorists are being asked by the chamber of commerce and fire department committee to have as few vehicles on the main street as possible tomorrow (Friday) morning at 6 a.m. when the street will be swept and washed down in first spring cleaning.

Deputy Sheriff Roy Waters, Fire Chief N. F. Dolley and Hal Welch, president of the chamber of commerce, are attempting to recruit volunteer workmen to assist in the project. Paul Rausche and his sanitary equipment will be on hand to cart away the refuse.

Dr., Mrs. Kase Parents Of New Baby Daughter

Dr. and Mrs. Sidney Kase have sent announcement to local friends of the birth of a daughter on May 8 in Letterman Army Hospital at San Francisco.

Barbara Ann weighed a round 8 pounds and 7½ ounces on arrival.

Baseball Team To Start Practice For Summer Season

Softball Schedule Shaping Up As Four Teams Are Entered

The Truckee Athletic Club will play independent baseball this season if present plans are carried out, Dave Morey, club president, announced this week.

It is proposed to organize a team under the management of Ed Frates and it has been indicated that sufficient interest has been raised to assure a formidable club.

A meeting of the club was held at the elementary school Monday at which time the decision was reached to form the hardball team. John Rau will arrange the season's schedule with practice starting Saturday at 2 p.m.

The first game will be with Lovelock on June 12.

At the same time, Morey announced that the softball league is making rapid strides with the games slated to start Monday, June 13. Four teams have signed up for the season and others are invited to participate.

Frank Giovannoni is in charge of the softball league and those interested are asked to contact him or Morey.

Manslaughter Charge Filed In Death Of Hitchhiker At Cisco

Daniel Martin, 20, Auburn, was held in lieu of \$500 bail on a manslaughter charge following his arraignment before Judge F. W. Wilson here Monday.

Martin allegedly was the driver of the car which was wrecked May 4 one mile west of Cisco and in which Andrew Patrick Monahan, 46, of Penryn was killed. Martin's companion, Paul Pettipas, 27, of Auburn, was only slightly injured. Monahan was a hitchhiker the couple had picked up at Cisco. Martin was seriously injured.

State patrolmen said Martin apparently missed a curve and went over an embankment.

Martin was treated at the Tahoe Forest Hospital and later released. He was arrested in Auburn and taken to the Nevada County jail.

ASSESSORS WIND UP LOCAL STAY FRIDAY

County Assessor William Tamblin and deputies are spending this week in Truckee and vicinity assessing property and answering questions relative to the assessments. The deputies are in the justice court rooms for the convenience of the local taxpayers and will remain there only until Friday evening.

At the same time, John H. Trauner, county service officer, advises veterans to file their tax exemption claims while the assessors are here as the last day for filing is May 30.

Veterans may file their claims with the assessors at the justice court room before tomorrow evening.

STOLEN CARS ARE RECOVERED HERE

A 1939 Buick sedan stolen from Colfax May 15 was recovered by officers of the California Highway Patrol this week on the little-used road near the Southern Pacific tracks back of the high school. The thief got the car stuck in the mud and abandoned it. It belonged to Dales James of Weimer.

At the same time the patrol reported the Dodge sedan stolen from near the Nace Firpo home recently, was recovered near Prosser Creek, where it, too, had been abandoned.

May Dates—

May dates important to several local people include the birthdates of Janice Eaton on May 23, Irene Englehart on May 24 and Mrs. Roxie Archie, May 15.

From South—

Mr. and Mrs. Martin Johnson came from San Diego on Tuesday to occupy their place at Donner Lake for the summer months.

Warning Signals On Crossing Are Nearly Complete

Project Designed In Modern Fashion to Offer Full Protection

One of the most essential life guards and one needed for many years is nearing completion as crews wind up work on installation of crossing warning bells and flashing lights at the Bridge Street crossing over the Southern Pacific's tracks.

Under the direction of W. H. Fisher of Nevada City, S. P. signal crew foreman, the intricate maze of electric lines controlling the device have been installed and the lights and bells will be operating soon.

Fisher said more than a mile of aerial and underground cable and two miles of underground wire was required to complete the project which consumed 10 weeks time.

Cost of the project will be in excess of \$16,000, this to be shared by the Southern Pacific, Nevada County and the State of California. The project was promoted by Supervisor H. G. Loehr who has urged the installation for several years or since the Kings Beach shortcut has become such an important lateral.

Labor cost alone on the job cost more than \$5000.

Each side of the track is now protected by two bells and two flashing lights, indicating the approach of a train. The devices are so regulated that the same amount of time is allowed for both slow and fast moving trains nearing the crossing. All the equipment is housed in concrete structures and placed underground to give ample protection against storms and freezing weather and the entire operation will be automatic. There is a remote possibility that the warnings will operate when no train is nearby, but they will not cease to function when a train is in the area.

Last Rites Held For Capt. Kvistberg

Military rites conducted by Truckee Post No. 439, American Legion, were held at the Truckee Colonial Mortuary and at the graveside at the Tahoe City cemetery Monday morning for Captain John O. Kvistberg, 79, a naval veteran of two wars and for the past 25 years a summer resident on Lake Tahoe.

Captain Kvistberg died here Friday following a brief illness.

A native of Sweden, the deceased was born April 18, 1876. When a boy of only 15, he came to the United States and during his entire life followed the seas. For 25 years he was captain of tankers for the Associated Oil Company between the wars.

When the second world war started, Captain Kvistberg, who sailed the first ship, the "Frank Drum," into Pearl Harbor following the bombing of that port by the Japanese, was recalled to naval service and commanded the training ship "Avalon" as lieutenant commander. Following the war he returned to the tankers, but retired some time ago and with his wife, Gerda, who survives, made his home at Tahoe and Burlingame.

The captain led an eventful life and well earned the presidential citation given him. He was gruff but honest and was well liked by the legion of friends who will regret his passing and who will extend sympathies to his survivors.

Besides his wife, Gerda, Captain Kvistberg leaves a stepson, Berger Benson of San Mateo and a grandson, James Easton of Oregon. The grandson, also well known here, was one of the youngest lieutenant commanders in the navy during the last war.

Seniors Are Guests At Meet Of Rotary Club

Alvah Hooper presided at the Monday evening meeting of the Truckee Rotary Club and John Ciardella, program chairman, introduced two University of Nevada students, Patricio Lavin of Chile and Crisman Cufflin of South Africa who spoke on the customs of their home lands.

Guests of the affair included Miss Thelma Finger, Conrad Briner, William Carver, Gene Welch and members of the senior class of the local high school.

The talks were followed by a question and answer period.

FOOD SALE

Two places have been chosen for the pastry and food sale to be conducted by the ladies of the Methodist Church beginning at 10 a.m. on Friday, May 27. The Truckee Mercantile and Duane's Do-Nut Shop have given space where salads, hot dishes, cakes and pies will be displayed for quick selling.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO (CNS)—During the 1955 legislative session, there was much discussion, most of it private, among legislators over the continued droves of youngsters who were brought to Sacramento to have a look at the state capitol, and visit the legislative sessions.

GEIGER COUNTERS

Free Demonstration

H. M. PABST
Boca, Calif.
Phone Truckee 8-Y-13

One committee made a study of the problem, and came up with the answer that some conducted tours should be given. The committee apparently figured that the contention that most of the youngsters who cluttered up the legislative halls were too young to know what went on, and that the trip was merely a joy-ride for the school children and their teachers, was a good contention, but that nobody could do much about the invasion anyhow.

Consequently, there has been no let-up, but in all probability an increase during the 1955 session of the legislature in the number of youngsters who visit the capitol with their teachers, and go home with more or less confused impressions of the legislative process, which they never have any opportunity to scrutinize at all.

One school, however, has done quite well in attempting to have youngsters obtain something of value out of the Sacramento trip. This is in Oakland, the exact name of the school not known, but the procedure was discovered through a tablet left by some youngsters

THINGS TO TALK ABOUT

BY FRANKLIN J. MEINE

Editor, American Peoples Encyclopedia

who was supposed to fill in a lot of blank questions about the trip. There were seven pages of these questions, including reminders, the most important of which was "do not bring any school books" on the trip, but "do" bring magazines, small games, etc., for reading on the bus.

This particular student, aside from leaving his work-sheet on a desk, apparently never heard of the phonetic method of reading (it isn't popular in schools now-a-days), nor did he pay much attention to the instruction the youngsters were to receive on the trip, as only a couple of questions on the seven pages of work-sheets were answered.

One question was "Who is the Lieutenant-Governor?" and the answer (this is copied literally), was "Mr. Powers."

Now the next question was "What is the full name of the Governor?" and the transcription was "Goodwin J. Night."

When it got down to the question "Who is the Speaker of the Assembly?" the answer was "Mr. Lincoln."

All of which indicates there must be something wrong with the teaching methods of even the youngest youngsters who are taken from their classrooms for a Sacramento junket, when they haven't been taught what to expect, or even what are the proper names of their governor, lieutenant-governor and speaker of the assembly.

This probably will be a point in

Ducks Branded Here Are Discovered In Siberia In Summer

Recent news that ducks and geese banded on America's west coast had been recovered in Siberia caused quite a stir among students of wildlife.

This week the department of fish and game learned that nine of the birds recovered in Siberia had been banded by the department crews on four well known California waterfowl areas.

These included Los Banos management area in Merced County, Gray Lodge in Butte County, Honey Lake area in Lassen County, and Tule Lake in Siskiyou and Modoc counties.

Some of the birds were recovered within three months while others were at liberty for three years. They included five pintails, three snow geese and one black sea

favor of further study of the student problem at the state legislature, and perhaps a boost for the contention that the schools should revise their procedures and attempt to bring young students of civics to Sacramento, where they can obtain some real value out of watching the legislative process, and possibly make the trip a reward for good grades and/or good citizenship in school.

The annual Sacramento trips, some for more than 100 miles away from the school's base of operation, cost the taxpayers thousands of dollars every two years. No estimates of the exact total are available, but certainly the bus lines don't run for free and the state still pays ADA for the trips.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

May 18, 1955
To Whom It May Concern:
Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:
Cal-Neva Lodge, Nevada Hwy. 28, Crystal Bay, Lake Tahoe, Placer County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale General (Seasonal-Quarterly)
Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

Fire Commission Will Approve Budget Soon

Members of the Truckee Fire Commission will meet at the offices of R. N. Little, secretary, Tuesday, June 24 at 10 a.m. where they will give final approval to the 1955-56 fiscal year budget for the district.

As currently set up, the budget calls for an expenditure of \$9000 of which \$4200 is designed for operation and maintenance and \$4800 for capital outlay.

brant.

For some time California waterfowl technicians have believed that some of the waterfowl which come here to spend the winter are migrants from breeding grounds in Siberia. The band returns are the first concrete evidence to support the theory.

Most of the birds were recovered along the Siberian coast across the Bering Sea from Alaska, but three pintails made the trip to the deep interior, 1200 miles from Alaska.

Total airline distance from Los Banos to the deepest point of penetration into Siberia, is 4500 miles.

The bands were sent to the U. S. Fish and Wildlife Service by the Soviet government. California officials received word of their band recoveries from Washington.

BILL WOULD GIVE COUNTY TAXES ON PARK LANDS

SACRAMENTO — (CNS)—A measure requiring the state park commission to pay \$4110 a year to Nevada County in lieu of taxes on state park property within the county was approved by the senate.

The proposed legislation, by Senator Edwin J. Regan of Trinity county, would apply to all counties in which state park property is located.

According to Regan, the assessed valuation on state park property in Nevada County this year was \$100,000.

The measure passed by a vote of 21 to 6.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Lions Meet

One of the largest conventions ever held at the north shore of Lake Tahoe was held by District 4-A of the Lions International, and came to a very successful conclusion

on Sunday afternoon. Around 500 attended the brilliant affair. Headquarters were at the Biltmore Hotel and all other clubs at Crystal Bay joined in making the three days the biggest ever. District Governor Romney Pearce stepped down from that office and Lion Dave Jensen of Red Bluff took over. Dr. Cy Kerrin of Citrus Heights was the general chairman

and the registration of delegates was a record for the district. Hoberg's was chosen for the convention of 1956.

Old Friends

Had a wonderful visit of some of our very close friends from Pasadena of 20 years standing. They are Lyman and Judy Theal presently living at Santa Barbara, but this place surely made them uneasy as to going back.

Church News

"Four Ways to Become a Fool" was the sermon preached by Rev. A. B. Covher last Sunday morning at the Community Church at Kings Beach. Margaret Ward sang "Spirit of God" and there were two new faces in the choir, Gil and Mrs. Johnson. Next Sunday is the last of this fiscal year, so get ready to consider the very best you can do in making an adequate pledge at that time.

Cagey

If I am not mistaken, it looked to me as I passed the Burrough's Resort that Gerry Potts was building a mink cage. Does that mean, Gerry, that you are going in competition with Kenny Lavery? Somebody is always trying to get into the act. Ain't it the truth?

Going to Europe

Mrs. Davis with her three children has arrived to stay in the home of Mrs. Ray Davis in Kings Beach. Her husband will be up shortly, and then in July the family will be on their way to Germany, where he will be stationed in Berlin. Young Davis is the son of the Ray Davis and is a captain in the army.

Busy at Stores

Saw Walt Loynd as busy as a bee getting the Kings Beach store ready for the biggest summer we ever had. Lillian King is also opening up her dress shop. Do you remember Ginger who was in the beauty shop. Well she is back, just in time to polish my fingernails and give me a beauty treatment. Talking of beauty you should see Fred Schultz. When I saw him I couldn't help but say, Well, cut my hair and call me Butch. Fred thinks he is just a kid again.

Good Catch

Leo Ralston just comes up from Roseville, goes leisurely out on the lake, first catches a 9-pounder and thought that was really something. Not satisfied with that, darned if he didn't hook on to a 19-pounder just about three feet long so then he called it a day. Who wouldn't with luck like that?

Dinner-Dance

The date has been set for the carpenters' dinner and dance, at Ta-Neva-Ho Lodge. It is Saturday evening, June 4, from 7 p.m. on. It is hoped that their many friends

will join in the affair and make it a real success. You can get tickets from most of the carpenters. Eddie Little is in charge. For further information phone him at Liberty 6-3529.

New Comers

Harvey A. and Mrs. Klitzke from Encino in southern California, have bought a home on the golf course from Mrs. Seigel right over from the judge's home. It is their intention to make their home here the year round. Harvey is with Lee Madden at the Chevron station and we are mighty glad to have them as our neighbors. New subscribers to the Sierra Sun, too.

Back Again

A. J. and Mrs. Ketman, well known and popular real estate couple, have returned to Carnelian Bay. Sure glad to have them back at least for the summer.

Fashion Show

Warren Porter, owner of the Apparel Shop at Tahoe City, sponsored a fashion show at Ta-Neva-Ho Lodge, Crystal Bay, for the Lady Lions last Saturday afternoon. It was a huge success and Warren did himself proud. This was followed by coffee and bingo for the ladies, only. That was more fun than a picnic.

Good Job

If you need something done, get Ernie Crawford to do it. Ernie did a marvelous job as housing chairman for the Lions. This was a gigantic job, but thanks to his prowess everything came out a hundred percent successful.

Beautiful

It would seem that our usual beautiful summer weather has really come to stay, this was the most beautiful weekend so far. After a few turbulent ones, so we are all thankful, and hope for the same treatment over the Memorial Day weekend.

Sympathy

My wife and I were very much saddened to hear of the passing in Pasadena of a very good friend of many years, in the person of Owen Prytherch up to a few years ago he was at the Tahoe Tavern, and at the Anita Baldwin Estate. Our sympathy goes to his wife, Frances.

Delay

Well as soon as the trucking strike is over we can get some lucious frosties, but we shall have to wait a while yet says Red Waddell. He was just biting his nails, what with one thing and other. Its hard to stay in the groove, but with all that he hopes to be open by the weekend. So watch out for the big opening. Also right across the street the Riviera Shop has opened up.

Sale

Now of all things, I heard the Charles Matthews of the Rustic Cottage Court have sold their property on the north side of the highway at Tahoe Vista. This is a real landmark and so are Charlie and Rena as far as that goes. They have been here for the past 27 years and have endeared them-

NOTICE TO BIDDERS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive, at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California, up to, but no later than 8:00 P. M. on Tuesday, June 14th, 1955, sealed bids for painting the Tahoe Lake School and the Donner Trail School, in accordance with specifications on file in the office of the Superintendent of Schools. Bids shall be opened and publicly read aloud at the above stated time and place.

Bids must be accompanied by a certified check, cashier's check, or bidders bond for Ten (10%) Percent of the bid.

The owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding.

Dated this 23rd day of May, 1955.
DENIS A. SACH
Clerk of the Governing Board
Tahoe-Truckee Unified School District

NOTICE TO BIDDERS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive, at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California, up to, but no later than 8:00 P. M. on Tuesday, June 14th, 1955, sealed bids for blacktopping portion of the Truckee Elementary School grounds, in accordance with specifications on file in the office of the Superintendent of Schools. Bids shall be opened and publicly read aloud at the above stated time and place.

Bids must be accompanied by a certified check, cashier's check, or bidders bond for Ten (10%) Percent of the bid.

The owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding.

Dated this 23rd day of May, 1955.
DENIS A. SACH
Clerk of the Governing Board
Tahoe-Truckee Unified School District

selves to everyone in the neighborhood. They have also leased the lake side of the highway for the summer. They are presently living in one of the small cottages for a short while as that too has been rented. As Rena says, "we are literally out bag and baggage." The lucky buyers are Mr. and Mrs. William Elliott from the Los Angeles area. Met them today—swell people, too. Mr. Elliott's father has been coming here off and on since 1915, so he at least knows what it's like.

More Back

I see the Brinkerhoffs are back at the Canary Cottages next to the Ashtons. I guess I could go on and on, but leave some for next week. Now to wish you all a very happy Memorial Day weekend. May the memories of those that have passed to the great beyond remain fresh in your memory and hearts.

Laws for administering of the national forests were approved by congress on June 4, 1897.

You Going After the
BIG ONES?

Then you'll do well to come in and get your tackle . . . fishing information and get set for a real lot of fun on the lakes or streams.

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY

Our favorite games are squirrels and trees, Lassic, racing, London bridge, Pop Goes the Weasel. In the latter game this week, Gary Waters and Bruce King were the main players.

First Grade (Mrs. Croxen's): Now that warm weather is here, at last, the first grade has been playing more team games. Relays of various kinds are popular. We have been stressing safety on the playground as a part of our physical education program.

First Grade (Mrs. Bissett's): We have a new boy in our room named Kenneth Hensley. Two of our old friends, Courtney Lewis and Bruce Ryason, returned this month. We have been stressing rules of good sportsmanship now that we are

able to play more outdoor games.

Second Grade: In physical education we have played kickball, dodge ball, and we have had relay races. Mike Ingalls brought his turtle to share with us, and Gary Sturcke brought his goldfish.

Third Grade: New games are being learned in physical education. The class is divided into three groups. Each group is learning a new game. Good sportsmanship, following directions, safety, and respect for others are being emphasized daily.

Fourth Grade: The long anticipated baseball games between the fourth and fifth grade boys have generated interest this week. Though the fifth grade boys have won the first two games, the fourth grade boys show marked improvement and real promise.

The fourth and fifth grade girls have played two games of newcomb, similar to volleyball. A system of rotation is being used and team work is being stressed.

Fifth Grade: The fifth grade has for the past week been playing the fourth grade in softball and volleyball. Karen Smart has acted as captain for the girls' volleyball team, and Jimmy Osburn has filled the same capacity for the boys' softball team. Outstanding performances during the week have been turned in by Don Breakfield, David Ayala, Charles Berger, Wade Hensley and Phil Haynes.

For the girls, Francie McGwinn, Kathleen York, DeeDee Frates and Terry Ellis turned in fine performances.

Sixth Grade: The class has been having softball contests with its own members. In a recent five-inning game Lily Cushing's team defeated Steffie Firpo's team in an exciting 14-8 game. At another time Bill Notley's team walloped Doug Single's team, 24-4.

No matter what games or activities have been played, sportsmanship has been the theme in the physical education. We have learned that it is not always easy to maintain one's composure, but strides have been made.

TAHOE LAKE SCHOOL Kindergarten—First Grade: The kindergarten and first grade are decorating their room to fit the spring season. From now to the end of school, paper birds and butterflies strung up with thread are gently waving across the room. Large decorative flowers drawn and cut-out by the class border the room on two sides. Thursday, the first grade made up original individual stories about the project. All were good papers.

The large silver stars went to Tommy Hukala, Joyce Anderson, Joyce Randall, Peggy Leggett, and Cathy Conners for excellent compositions from the standpoint of thought, grammar, sentence structure, and neat printing.

Second, Third and Fourth Grades: The second, third and fourth grades enjoyed a field trip into the woods to visit the community water supply center, and to collect plant life for the unit on plant growth. The group of 37 was supervised by the teacher and a visiting parent, Mrs. Sam Glasser.

Fifth and Sixth Grades: The choir presented two new songs for a program for the PTA meeting Thursday evening, May 19. We are studying the Central American Republics and the class has made very fine maps showing the various republics and others showing

the topography of these countries.

DONNER TRAIL We have chosen our contest winners for the Bank of America thrift contest, and will announce them next week.

This is the first week since last September that we have been able to play out on our playground. We are now starting our softball season. As things look so much nicer on our playground we have all decided to clean the area. We plan to rake the field and put in good bases. Some of the boys will repair the storm-broken railing on our back porch. We expect to have the school in pretty good shape before the end of the school year.

KINGS BEACH SCHOOL Kindergarten—First: We have been making stick puppets this week. The first graders have been studying the value of pennies, nickels, and dimes. We made coins out of paper and use them in our arithmetic work. Carl Christiansen brought a bird nest to school, and Susan Chackett brought some granite. These items are displayed in the science corner.

Second and Third Grades: Michael Schoeffield is a new boy in the second grade. We have 17 children in the second grade now.

Our class won the thrift banner again this week. This makes three weeks in a row that our class banked the most money.

Dixie Lee Reese brought a bouquet of daffodils for us to enjoy. She also brought a piece of pumice stone for our science exhibit. Each person in the second grade received one hundred per cent in the spelling test on Friday.

Fourth, Fifth and Sixth Grades: Each student in our class has attempted to make a map of the school to scale. Some measurements were taken by the students, others were given, and one measurement had to be found from the maps. We are attempting to make a map of Kings Beach. This has proven to be difficult since we started using the highway as a starting point, and the highway does not run straight east and west. Mr. Ace Abbott donated a map of Kings Beach so we could see the actual layout of the town.

HIGH SCHOOL This past week has been a busy one for the Tahoe-Truckee High School seniors. Last Monday, under the guidance of N. K. Dewhurst, the seniors traveled to Sierra College in Auburn, and participated in a sampling of college life. Each student was given a full class schedule in accordance with his interests in major fields of study, and then each one participated in a shortened full day's schedule. In the afternoon the students were treated to a musical production, "Legend Valley," that was produced and presented by Sierra College and Placer Union High School students.

Later that evening, after having returned to Tahoe-Truckee High School, the students of the senior class were guests of the Truckee Rotary Club for dinner. A fine program featuring descriptive talks of their respective countries were given by two foreign students.

NEVADA JUSTICE IS SPEAKER AT ROTARY MEETING

KINGS BEACH—President-elect Bill Randall presided at the regular weekly meeting of the Rotary Club of Brockway, on Monday night, May 23, at Crystal Bay.

Program Chairman Hank Dodd introduced chief justice of the State of Nevada, Charles M. Merrill as the speaker of the evening. Merrill's subject was "The Bloody Saga of a Belligerent Judge," which was the history of Judge Terry and the Sharon case, this case being a legal battle of early Nevada history, which was carried on for years.

Fred Schultz, Boy Scout representative, presented to the club the charter from the Explorer Troop No. 31, which the club sponsored. He also presented to Dr. Allen Sklar his official card as chairman of the post.

Visiting Rotarians on Monday night were present from West Sacramento, Roseville, Tahoe City and Catalina-Tucson.

Chauffeurs licenses issued by the Department of Motor Vehicles in 1954 totaled 109,624.

NOTICE

TO OWNERS OF LOTS IN TRUCKEE CEMETERY DISTRICT.

We will not clean or remove anything from Lots or Plots as many owners have objected to this, but if you wish to do this and place all rubbish in the walks, we will take care of same.

NOTICE

TAHOE CITY RESIDENTS

There will be a public meeting at the Community Hall, Saturday night, May 28, at 7:30 to acquaint the citizens with the operations of their water works and sanitary sewer system and explain the necessity of a raise in water rates, effective June 1, 1955.

There will be a period of questions and answers. Paul Chamberlain, of Chamberlain & Chamberlain Law Firm will be there to answer questions of a legal nature.

You the people are paying the taxes and service charge to pay for and operate the business you own. Know your own business by attending the meeting.

SUMMIT SCENE

by FRAN COUILLARD

We yearly reiterate "no more birthdays for me!" but when one starts out as our last one did of recent date—we are not so sure that we would like to abandon same. First: We received a bouquet of butterfly orchids from Honolulu from Bill, Rita and Pat Vail. (If you really want a lift just get an orchid before breakfast.) Orchids do not go well with blue jeans—which Vails well know, but my what it does for one's morale! On the same mail came a birthday card which was written "While I'm flying over the blue Mediterranean with the lavender Alps smiling in the distance" from Irma Ledgerwood. With our birthdays taking on an "international flavor," we have decided to have some more. Locally we were feted with a won-

derful dinner prepared by Bill Rutherford, who pulled himself out of his recuperation chair to broil steaks for our party in his indoor barbeque ovens. Birthdays on our mountain top do not seem to be well spaced. They come in bunches, like grapes. For us they are easy to remember for preceding ours by a few hours are Brant Chaplins, former mountaineer Dennis Jones and Cy Roemer (the latter three all on the same day). Happy birthday yesterday to all of you!

We forgot to say that our mother made us a visit to help us celebrate our birthday and pressed a piece of cardboard into our eager fist which turned out to be a ticket to the Ed Sullivan Toast of the Town show which we will see in Sacramento the day we go to press.

As the name of Brant Chaplin catches our eye as the sheet rolls

out of our recording machine we are reminded of the postman who takes a walk on his day off. For Brant and Doris Chaplin leave their pine tree shaded Hotel Soda Springs this summer for the pine shaded lodge of Euer Valley's Seven Seas Ranch—which they have leased for the next several months—and leave the highway for that delightful by-way. And just to be sure that you know where our mountain neighbors are—Brant tells me to tell you that the barbeque he will brew will be your cue to visit he and Doris on June 19 where open gates will be the order of the day. We'll see you there!

Frenchman Bob Bouvier will assist the Chaplins at "the Valley" whilst Ruth Meador and Frank Cummins will remain at the Soda Springs institution to carry on through the summer months.

It's kind of an eerie feeling to have someone visiting you—be seated at your side and talking to you—and then turn on television and see your guest on the screen! But that's what happened at the Rutherford cabin when Al Sabetello and Mrs. Sabetello put in their appearance. Al is the associate director of the Harry Owen's show, besides being Harry's pianist, so just to be sure that the show must go on whilst he and the Mrs. vacationed for a few hours—the television dial was turned to bring in this popular show and there sat Al—and there played Al—at one and the same time.

A "roundup" of opinions of the good women of the mountain brings forth the results of the pole. A decided "yea" for the revival of The Summit Sit! And if we haven't "poled" you—count yourself in anyway, for before long you'll receive an invitation and we Summitites of the feminine division will hoist our cup of tea for a get-together. You'll remember that we met at one another's homes and brought our unfinished darning, mending, knitting, manicure things, and portable "Do It Yourself" projects and spent an evening now and then getting reacquainted. As winter months take us away into our different business and working ventures—we forget that we have neighbors—so a get-together is slated soon. Get out your old sock bag and prepare to catch up on your darning!

Barbara, Bud and Debby Zorich return from their spring vacation, and the spring sport shows—where new skiing apparel and tomorrow's styles in snow togs were considered for their 1955-56 season. Deciding not to be bored with their summer rest period—the Zorichs bring home a new television set with which they will try and tune in a few capricious pictures that manage to wait their image post our mountain barriers.

And speaking of television! Elmo Moriano considers a Community Tower for the localities—a same "coaxer" to be erected atop Beacon Hill (which is the mountain on whose side climbs the Soda Springs chair lift). We hope this project goes over and is a successful one for our future educations. And that we need not stand open mouthed in that future when someone mentions Ed Sullivan, or George Goebel or Jackie Gleason and such.

We mourn not about the inclement weather at this writing. The cool breezes of the Sierra have started their seasonal lure, evidenced by the number of valley cars seen parked, or passing, this past weekend. Evidenced by a slight increase in fishing license sales. Evidenced by the first (and seasonal) "get stuckers" who bring up their boats and head for a well known back in the country lake, which is their particular favorite. Evidenced by the tow trucks that follow them out patiently and pull them out of a snow bank and admonish them, tiredly, not to try it again for a couple of weeks. Evidenced by the churning waters of the delightful Yuba as it gathers

Tahoe Scenic View Featured

Famed Lake Tahoe is pictured above in a reproduction of one of the new all-color Scenic Views being given away at Standard Oil Company of California outlets this summer. Fifteen photos, suitable for framing, are being distributed by the company in a program to encourage travel to the beauty spots of the West. Each scene is described in text on the reverse. The view above was taken by Robert P. Holland. Text was written by author Irving Stone.

momentum to spew itself into Lake Spaulding and fill that man-made basin that has been crying for a drink of water. Evidenced by the black crevices that appear on Lake Van Norden even as the impatient waters under that winter blanket rush toward the dam and throw themselves into gleeful leaps as they join the westward journeying Yuba. Evidenced by the languid who coat themselves with goo and recline in the sun, or as the more ambitious go into a frenzy of housecleaning and house painting.

And getting away from the above evidence of rhetoric before we get in a rut, reminds us that Elmo Moriano's swimming pool at Beacon Hill Lodge has about finished its face lifting job and is ready for its makeup as colors are considered for the painting of the bowl. Red Cross swimming classes are in order again as Elmo donates his pool to the area, we hear.

Audrey Dreyfus and kids take a trek through the shaded snow banks back over the Yuba to take stock of their beautiful hidden cabin and figure out when a summer invasion can be maneuvered.

Meet Arnold Bauska who takes over the Santa Cruz Lodge for the summer as he gets ready to carry on with government geological survey work. Bauska brings his fam-

70 ATTEND NORTH TAHOE LUNCHEON

KINGS BEACH—The North Tahoe Women's Club held a luncheon meeting and fashion in the Sierra Club on May 23 which was voted a huge success by the 70 members and guests present to view the current fashions from John Palmer's Shop at Kings Beach.

Marguerite Ashton was commentator while the dresses and sportswear were shown to advantage by the following beautiful models:

fly into the mountains, too.

A mountain flower to Laura O'Dea who stepped into Fran and Louie Carrasco's lodge atop the summit, and took over the kitchen and other operations while the saddened couple pilgrimage to Oakland to bury their little boy who was killed in that tragic, freak accident. Laura, a Beacon Hill stand-by, quietly and efficiently moved into place on the evening of the tragedy and removed all the worry of business responsibilities from the shoulders of the grieving couple. In the meanwhile Elmo and his remaining crew—cook and care for themselves whilst their "house mother," Laura, proves to be a good and kind neighbor.

TAHOE ROTARY TO AID BOY BALL CLUB

TAHOE CITY—The Tahoe City Rotary Club at its meeting Tuesday night at Tahoe Inn voted an appropriation of \$67 to assist in the purchase of equipment for the junior baseball club being or-

Enola DeGregorio, Margaret Ward, Bernice Franklin, June Mandeville, Kay Felte, Teresa Mulbray, Camey Althof, Ruth Mizner was the musician throughout the affair. This was the last meeting of the group until early fall.

ganized and coached by Jack Wilson. Eighteen boys have signed up to participate.

A colored movie, "Utah, the Rainbow State," was presented as a program. Visiting Rotarians were Everett Ward of Pittsburg, who has maintained a perfect attendance record for 35 years and Everett Griffith of Woodland. Other guests were Chet Johnson of Sacramento and Bob Biltz of Garberville. Bill Connors presided at the session.

In California about 50 per cent of power generated is hydroelectric, compared with 30 per cent nationwide.

IT'S WISE TO ADVERTISE!

TRAVEL SMILES

BY Merry Miles

I'd like to tell you about a new kind of Greyhound escorted vacation to Mexico that's really operated in the spirit of the Land of Manana. You board the Mexico-bound bus at Phoenix, travel leisurely in your own "private" coach (with a congenial group of fellow adventurers) with pauses along the way for lunch, rest, or wherever there's something especially interesting to see. No hurried schedule you understand; just an easy day-by-day itinerary that gives you time to see everything and enjoy a good rest every night in a first-class hotel, with leisure at the end of each day to stroll or ride around and enjoy life with the Mexicans. Another feature that makes for relaxed travel in Old Mexico is speaks Spanish as well as English your escort, a helpful person who and takes care of all the worrisome details that can detract from enjoyment of foreign travel... like handling baggage, getting the best hotel service (tipping and that sort of thing.) All you have to do is relax and enjoy everything to the utmost.

WHAT TO SEE

You travel from El Paso on the new Pan American Highway via Juarez, Chihuahua, Camargo, Durango, Zacatecas, Aguascalientes, Leon, Irapuato and Queretaro, to Mexico City for six days of fun and sightseeing. From there special sightseeing tours are scheduled to such exotic places as Guernavaca, Taxco, Puebla, Xochimilco and Pyramids of the Sun. On the return trip you visit Toluca, Morelia and Mexico's second largest city, Guadalajara. The country is a paradise for shoppers, and you can bring home as much as \$500 worth of merchandise and souvenirs duty-free. LOW IN COST.

Compared to the cost of using other forms of transportation, this Greyhound vacation in Mexico is a real bargain—only \$180, double-room rate, per person, plus U.S. tax, from Phoenix. And the dollar is worth much more pesos, which means extra cash for extra fun in Mexico. See your local Greyhound agent for complete information.

Adios for now. This is Merry Miles saying, "I'll be seeing you and you'll be seeing America—best—by Greyhound!"

NEWS NOTES FROM TAHOE

By Ethel Joslin Vernon

Summer has come home to the mountains at last. For the past week the daily temperatures have been rising, the sun growing brighter and warmer. Every morning now the music from scores of wild birds wakes us with the sunrise, and every evening their good-night trills tell us the sun is sinking low. One sound that ripples out under the stars each night, and says plainer than words, "This is really summer"—is the frog chorus which is scattered all along the lakeshore commons and under the cliffs for about a mile of Tahoe City's frontage. The music that floats up to our windows these soocalm evenings is "out of this world."

After a year of nursing two badly broken ankle bones, jurt during the past week we felt able to take the near-by trails again. Up the hill-slope road and through the woods past "Trail's End," and down near the meadows edge where the one and only patch of wild anemones bloom, the first flower of spring. We were a little late. They had already bloomed and most of the blossoms fallen. But we found the manzanita buds turning pink, and the earliest snow plants putting bright points through the mould all through the woods.

Rotary Meet

The last weekly dinner-meeting of the Tahoe City Rotary Club somehow missed the column last week, perhaps because we were so over-worked that we had to type late at night, and then carry the news envelope clear to Truckee. (These busy summer days are beginning to creep up on us.) But anyway the dinner-meeting was held at the Tahoe Inn as usual on Tuesday night with President Bill Connors presiding and 35 members present. At this meeting Harold Farr of this city was inducted into the club as a new member, and was instructed in the aims and objects of Rotary by Secretary James Martin. During the business session it was voted that each member shall contribute the sum of \$10 to the Olympic games fund now being raised by the citizens' committee, and also that each member shall solicit a contribution to this fund from at least one person other than a Rotarian. The club's next dinner-meeting will be held as usual on Tuesday evening, May 24, but at this time no newsworthy features are expected. Early in June the Rotary's mid-day dinner meetings are scheduled to begin, to continue weekly throughout the three mid-summer months.

Directors Meet

The Tahoe Sierra Chamber of Commerce are holding a directors' meeting, with dinner at 6 p.m. on Friday night, May 27, at Tahoe Village near the stateline on the Nevada lakeshore Highway 50. At this meeting it is to be definitely decided whether this year's Gold Cup Regatta will, or will not, be staged on the waters of Lake Tahoe. Boating authorities say that if the races are to be held here this year it will be necessary to stage a one-day meet for August 13, as that is the only date left open at present to racing events. Chamber officials announced that anyone interested, is welcome to attend the meeting.

Golf Games

A three-days Lions Club convention was held at lake resorts of the Northend on Highway 50 over the past weekend. The Lions held golf tournaments on three major courses around the lake while they were convened in the region. On Friday they played with local members on the Tahoe City greens, and on Saturday and Sunday the games took place on the Brockway and Glenbrook golf courses.

Buy Boat

Among several recent customers buying boats from the Tahoe Boat Company, which is headed by the partners, Norman Mayfield and Fred Main of this city, was Tony Ryerson who last week purchased one of the company's high powered Criscraft. Ryerson became a year-around Tahoe resident last fall when he bought the former Lewis Constine property, a beautiful summer home on the lakeshore cliffs at Brockway.

Return to Lake

Mr. and Mrs. Edwin P. Stoll of Oakland and Tahoe are once more in their lakeview home for the summer season. It is a cozy cottage perched high on the top of Dollar Hill, overlooking blue Tahoe through the green of tall fire trees. Tahoe friends were glad to have news through the Stolls this week of an old-time Tahoeite who, after spending 40 years of her life in Tahoe City, was "grounded" at last by doctor's orders. She left here at the end of last year to reside in Oakland. The Stolls report that, just before leaving that city, they dined with Mrs. Evelyn Bliss in their home there, and in spite of doctor's previous diagnosis, she was enjoying the best of health.

Has Operation

A week ago last Tuesday Charles Spaulding of this city was taken ill at his home here, and was removed to St. Marys Hospital in Reno, where he had to be put under observation for more than 24 hours because of a high temperature. After an examination on Thursday Spaulding underwent an operation for the infection. News of his condition brought back by visiting friends this weekend, states that the operation was entirely successful, the patient is fast improving and may be able to return home within another week.

Drive Success

Mrs. Louise Geier, chairman of the Tahoe Branch American Red Cross drive this spring reports as total taken in on the fund, \$812. She says that a generous contribution from this fund will be donated to the swim program here this summer. This program is scheduled to get under way within the next two or three weeks, or whenever the lake waters warm up enough for comfortable swimming. She said the same instructors who taught last year will again be in charge of the swimming this summer.

Public Meeting

In order to acquaint the taxpayers of this locality with the operation of their water works and sanitary system, and also with the

NEW OFFICERS OF CLUB ARE SEATED

TAHOE CITY—The Women's Club of Tahoe met at Bacchi's Inn in Lake Forest on Thursday, May 19 for election of officers for the ensuing term, starting June 1. President Alma Guth presided, with 27 members present. A mid-day luncheon was served at 12:30, with business meeting following.

Officers elected for the new year included: president, Doris Clarke; vice president, Martha Snyder; re-

cording secretary, Bernice Gianini; corresponding secretary, Louise Geier, and treasurer, Sara Hunter. It was voted at the meeting to raise the club's dues from \$3 to \$5 yearly, beginning June 1. Mrs. June Grinstead made a report on proceeds of the Hits and Mrs. Revue, and said that when all expenses are paid, there will still be \$400 profit left, which amount is to be given as a donation to the Tahoe Forest Hospital.

Fishing Trip

Mr. and Mrs. Lewis Gerkin left their home in the Sacramento Valley for a few days last week to enjoy a pleasant visit here with Mrs. Gerkin's mother, Mrs. Annie Soll of Tahoe Pines. The young couple are not engaging in their favorite sport of fishing this trip, being much more interested in the progress of construction at the site of Mrs. Soll's new home at Tahoe Park. The place is fast nearing completion, and the owner hopes to be able to move in during the mid-summer season.

Meets Assured

Managers of Squaw Valley Lodge were recently informed that at least four of the main events in next season's National Ski meet have been definitely awarded to the Squaw Valley-Lake Tahoe Ski Club. Since hearing this good news the club has decided it will be to their advantage to remain active throughout the summer season, no matter what kind of weather prevails.

Open House

Mr. and Mrs. C. V. Powner of Piedmont have opened their lakeshore home at Carnelian Bay this week for the summer season. House parties with guests from the bay region furnish the usual weekend activities, and fishing is the daytime sport most favored.

Back Home

Mr. and Mrs. Malcolm Fox are back from a winter in San Rafael, and are comfortably settled this week in their hillslope home in Squaw Valley. Little daughter Tabor is again attending school at Tahoe Lake Elementary.

NOTICE TO BIDDERS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive, at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California, up to, but not later than, 5:00 P.M. on Friday, June 3, 1955, sealed bids for furnishing lumber in accordance with specifications which are on file at the office of the Superintendent of Schools. Bids shall be opened and publicly read aloud at the above stated time and place. Bids must be accompanied by a certified check, cashier's check, or bidders bonds in the amount of 10% of the bid.

The owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding.

HOMWOOD GOES DIAL

Friday noon, May 13th, subscribers in the Homewood Exchange started using the new dial telephone. Only seconds before noon the switchover between manual and dial operation took place in our New Dial Office, pictured at right. The prefix LA ambert 5 will be associated with all telephones in the Homewood Exchange.

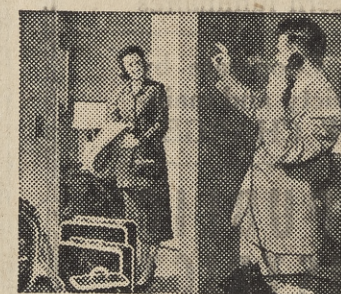

To assist people in obtaining the new LA ambert 5 numbers a special directory was printed and distributed. If anyone did not get his directory please call our business office, Tahoe City 291, and we will be happy to send you a copy.

How many parts make a telephone?

If you were to count the parts in a telephone, you'd find an almost unbelievable number. There are 433 of them, all told. Many of these are complex and precision made. Yet the telephone is rugged. On the average it needs fixing only once in about six years. And telephone people have worked out ways to make telephones at surprisingly low cost. These things help us keep telephone service a good buy for you. Pacific Telephone works to make your telephone a bigger value every day.

Good way to start a vacation

This is the time of year when many folks start thinking about time off for a rest. And here's a tip that'll help make your vacation even more enjoyable: Before you leave, or while driving to your overnight stop on a long trip, why not call ahead for hotel or motel reservations. That way you'll make sure—in just minutes—that the rooms you want will be waiting when you get there. And the cost is low. In fact, you'll be surprised how far you can call for less than a dollar. So why not take advantage of bargain long distance rates to have the peace of mind that'll make your whole trip more fun.

NEW DOME CARS NOW IN OPERATION

Southern Pacific's newest type dome cars are now in daily service on the "San Francisco Overland," C. O. Olsen, general passen-

ger agent for the railroad, announced today.
Built in the railroad's own shops at Sacramento, the new cars introduce an entirely different concept of dome car construction and are improved versions of a pilot model which underwent road test recent-

OBJECTIONS RAISED TO PHASES IN NEW STATE WATER PLAN

SACRAMENTO — (CNS) A bill to create a state department of water resources bogged down in its first legislative test before the senate committee on water resources but members of the committee indicated they will continue hearings on the measure.

The bill, SB 1659, J. Howard Williams, also would establish a civil service state water administrator with powers to appropriate water and determine water rights. In addition, it would allow the water resources department to hire its own counsel independent of the attorney general.

It was on the latter two provisions that the bill ran into difficulty.

Under the proposal, the department would be governed by a seven man board and administered by the chairman who would serve as department director appointed by the governor. The board would have an executive officer. Members of the board, serving four-year terms, would be named by the governor, subject to confirmation by the state senate.

Voice Objection
Senators Robert I. Montgomery of Kings County, F. Presley Abshire, Sonoma County, Luther E. Gibson of Vallejo and John A. Murdy of Orange County, all members of the committee, objected to creating a water rights administrator with civil service status, similar to the present office of state engineer.

They argued the powerful official would be responsible to no one and would be next to impossible to remove under civil service procedure.

Hal Kennedy, Los Angeles county counsel, presented the bill on behalf of nine statewide organizations representing businessmen, local government officials, and the farmers.

Kennedy said civil service status for the water rights administrator was chosen in an attempt to keep water allocation out of partisan politics. For the same reason, the attorney general could be bypassed as council.

ly, Olsen explained.

Called "Dome Lounge" cars, the units have two levels, or "terraces," with the dome extending over both sections, giving an effect of spaciousness never before achieved in a railroad car.

One-third of each car is the lower level cocktail lounge, while the upper level is divided into an observation section and lounge.

The interior furnishings of the cars are characterized by simplicity and follow the lanai motif popular on the Pacific Coast. Interior colors are shades of green, accented by the browns of teak and rattan.

Four feet longer than the first 81-foot pilot model, the newer cars have more luxurious seats and larger window areas, particularly in the lower cocktail section where five-foot wide windows have been installed.

VIEWS of the NEWS

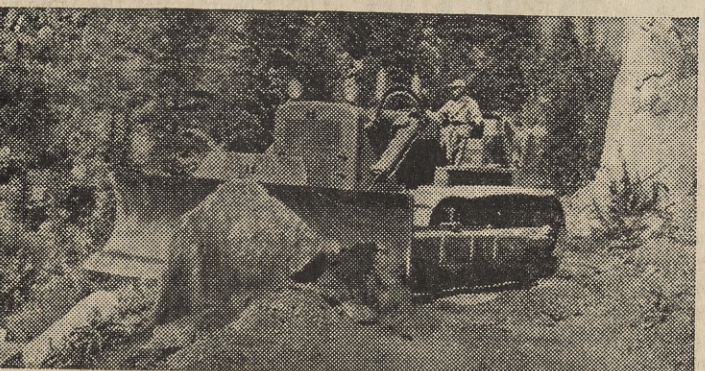

BIG MOUTHFUL—Lifting heavy end of car with only his teeth. Ferdinand Enjalbert, 24, demonstrates his strength in Poliers, France.

MUSIC LESSON—Organist Ken Griffin coaches young singer who can really get down for the low notes. Pupil practices diligently, fearing roasting by critics.

'THE THING'—Theresa Fayhe digs that crazy sundae at dairy bar in Essex, Md. The Thing consists of cake, fruit, 13 scoops of ice cream; sells for \$1.25. Only one in 100 can finish it.

READY FOR TOURISTS—Twisting road up Colorado's famed Pikes Peak is graded by International TD-24 crawler tractor for summer flood of tourists. About 250,000 people a year drive to the 14,110-foot summit and there has never been a serious accident since the road was built in 1916.

Water Picture Still Gloomy Despite Storms

In spite of normal and above-normal rain and snowfall last month in western and northern Nevada, the water supply picture remains largely unchanged. It is not a very cheerful picture, as presented in the overall forecast distributed here by the U. S. Weather Bureau.

The Truckee and Walker watersheds are forecast to receive 55 to 65 per cent of average runoff, and the Carson River should have approximately 50 per cent of average flow. The Owens River is forecast to yield 84 per cent of average runoff.

The Truckee River forecasts call for 63 per cent of normal at the Lake Tahoe inflow, and 57 per cent from Tahoe to Farad. The Little Truckee forecast is for 63 per cent of normal.

BIRTHDAY PARTY HELD AT TAHOE

TAHOE CITY—On the afternoon of May 15 at the Boylides on Lake View Drive, a four-way birthday celebration and cocktail party was jointly hosted by Mrs. Rose Boylides and George Roy. The birthdays honored, and which occurred earlier in the week, were those of the host, George Roy, and Mrs. Mazie Carnell on the 12th and Carl Bechdolt, Jr., and Dick Carnell on the 11th.

Audubon Society Will Take Over Summit Resort For Summer

If you are interested in nature, in birds, animals, insects, plants or rocks, the Audubon Society's summer camp provided an excellent opportunity to study nature under the guidance of experts.

Located at Sugar Bowl, nearly 7000 feet up in the Sierra the camp is ideally situated for nature study. Within a few minutes walk lie alpine meadows, forests, lakes and streams; an hour's drive to the east lies the Nevada desert, to the west, the foothills of the Sierra. Over 150 different kinds of birds are seen in the area.

The purpose of the camp is to provide adults, the minimum age is 18, with the opportunity to see and study the interrelation of the plant and animal world and to provide a better understanding of the need and value of conserving our natural resources.

During the coming summer, which marks the eighth year of the camp's operation, five two-week courses will be offered. Courses in nature activities, birds, vertebrates other than birds, invertebrates and plants will be given by the staff of seven trained instructors. Most of the experiences take place on field trips which are made into five life zones accessible from the camp, from the timberline to the desert. Study projects and discussion groups are balanced with picnics, campfires, songfests and illustrated talks.

Guests present, besides hosts and honorees, included Mr. and Mrs. John Anderson, Mr. and Mrs. Harold Farr, Mr. and Mrs. Pete Vanni, Mr. and Mrs. Howard Pyle, Mr. and Mrs. Ben Jones, Mr. and Mrs. Jack Dunne, Mr. and Mrs. Dinty Moore, Mrs. Vera Gandy and Al Florence B. Vernon.

County's Share Of Tax Apportionment Revealed

Robert C. Kirkwood, state controller, has advised the board of supervisors that Nevada County will receive \$245,800 in apportionments of highway users taxes and motor vehicle license fees during the fiscal year 1955-56, provided actual revenues meet current estimates. Placer County, \$145,000; Sierra County, \$142,800.

Total U. S. milk production for the calendar year 1955 will probably equal that of 1954, the U. S. D. A. reported.

California leads the nation in value of new construction.

Loynd Portola Store In Consolidation

Announcement was made this week of the merging of the Kehoe Drug Store and Loynd's Portola Drug at Portola. The consolidation became effective Sunday, May 15.

The merchandise from Loynd's will be moved to the present Kehoe store and the firm will operate under the name of Kehoe Drug, with E. L. Loynd of Truckee, assuming an active partnership in the concern. Changes, if any, in the personnel and management of the store will be announced later.

The consolidation of the two stores will now give Portola one of the best outlets possible and every effort will be made to maintain or improve service in all departments. Exacting pharmacists will be on duty at all times. Loynd operates drug stores here and at Kings Beach.

Anniversary—

Mr. and Mrs. Henry Loehr's wedding anniversary occurred on May 9.

On Business—

Calvin Cramer of Sacramento was a business visitor here on Tuesday.

FOR RENT— Furnished apartment Telephone Truckee 38.

IN MEMORY

In memory of Ray J. Lake. We loved him so. His loving wife, AMY LAKE

CHURCH NOTES

This is Every-Member-Canvass Week in the church. During this week each member will be approached with the budget for the coming year. Eight lay persons: Ralph Frank, Mrs. Ametta Firpo, Lynn Kishbaugh, Victor McLane, Daven Morey, Eugene Riden, John Street and C. A. Tolleson, will do the canvassing. They will divide into two teams and compete for prizes offered to the occasion by Osburn's Associated Station, Loynd's Drug, Heller's Variety, Goodfellow's Coffee Shop, and the California Cafe.

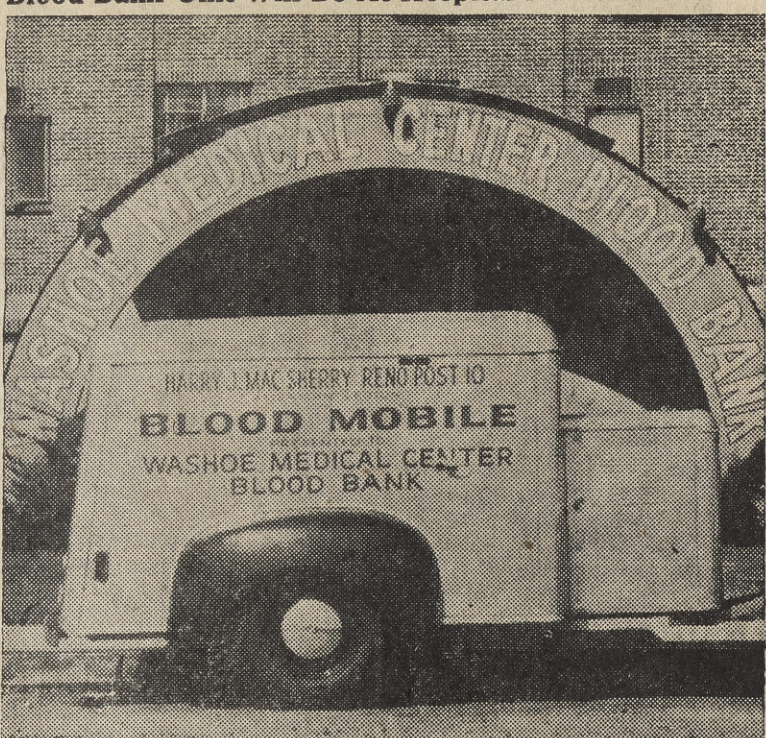

On Friday the Women's Society of Christen Service will hold a food sale. The sale will take place at 10 a.m. at both the Truckee Mercantile Store and Freeman's Do-Nut Shop.

The Methodist Youth Fellowship which meets at 6 p.m. will provide filmstrip on Christian symbols this Sunday evening.

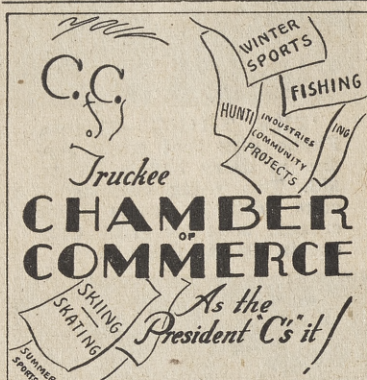

Welch Is Speaker At Wyethia Meeting Here

Mrs. Nace Firpo presided at the May 20 meeting of the Wyethia Club in the absence of Mrs. Charles Heller, president. Mrs. Robert Buddle acted as a hostess during the refreshment hour with three members, previously named. Harold Welch, president of the chamber of commerce spoke on the organization's close connection with community projects.

Blood Bank Unit Will Be At Hospital Here On June 1st

Administrator J. J. McGlade of the Tahoe Forest Hospital announced this portable depository will be at the hospital Wednesday, June 1st for the purpose of replenishing the diminished supply for local patients. He expects to collect a minimum of 100 pints.

Tomorrow morning is the day. Let's all arise early, and come and pitch in on the business end of a broom. Let's make our front porch a real welcome mat for the coming holiday weekend. Roy Waters tells me he has enough brooms for everyone. The fewer cars we have to contend with will be a great help, too. You fellows with youngsters bring them along, they should enjoy seeing the new fire truck in action.

The fellows sure did a swell job of raking down the alley the other day. Now we need to get at all the various rubbish piles that are scattered around town. There are a couple of old buildings that are fire hazards, as well as being hazards to our children at play which should be torn down. It would be nice if we could persuade their owners to do this.

There will be a special meeting of the Chamber Board of Directors at Donner Lake Lodge this coming Wednesday, June 1. We hope to make the final arrangements for the boat races at this meeting. I want to personally invite all of the residents and business people of Donner Lake to attend this meeting. There are many new faces out your way, and I would like to have an opportunity of meeting you all personally. Remember you don't have to be a member of the Chamber to attend this meeting. Don't forget the date, Wednesday, June 1, at 12:30 p.m. at Donner Lake Lodge. —Hal Welch

National Ski Patrols To Hold Meet At Reno Bowl

RENO — National Ski Patrol teams, guardians of the west's ski slopes during the snow season, have their own fun over Memorial Day weekend during the Ski Patrol Jamboree at Reno Ski Bowl, 24 miles south of here.

Officials of Reno Ski Bowl, with plenty of spring snow on the upper slopes, have agreed to re-open and operate all lifts and facilities on Saturday, Sunday and Monday, May 28, 29 and 30, for the National Ski Patrol rescue and first aid competition.

The Jamboree—actually a competition between rescue and first aid teams—will see representatives of virtually all ski areas in Arizona, southern California, northern California and Nevada competing.

CIVILIAN DEFENSE MEETING CALLED

Officials from Eastern Nevada County will meet with officials from Western Nevada County for the first official organizational meeting of members of the Nevada County Civil Defense Disaster Council tomorrow at 8 p.m. in the Veterans Memorial building in Nevada City.

At this meeting, E. C. Setzer, regional coordinator for Northern California Civil Defense, and other state officials will be present to explain to council members their exact duties during times of emergency, how they can help prepare for such an emergency and what is currently being done to prepare for possible disaster.

Wayne Brown, director, and John T. Trauner, coordinator, will conduct this meeting which is open to the public.

Joe Carters Feted On Silver Wedding Date

Mr. and Mrs. Joe Carter were feted by 30 relatives and local friends on their 25th wedding anniversary at a buffet and reception given in their home on Sunday afternoon, between the hours of two and five. The affair was arranged by their son-in-law and daughter, Mr. and Mrs. James Quinn, who arrived here with their son, Roy, from Los Angeles and their sons, Ronald Carter of Glen Dale and Jim Carter of Truckee.

Silver candelabra, white carnations and silver leaves centered the attractively decorated table.

Other guests from out of town included James Keeling and Jim Bancroft of Reno, Mr. and Mrs. Les Miller and son Paul of Burbank, Mr. and Mrs. Don Shelton of North Hollywood, Mr. and Mrs. Albert Smith of Los Angeles.

Tahoe Items

The A. R. Specht family of San Francisco is arriving this week to spend the summer at their Tahoma place. Also coming from Berkeley to Tahoma are Mr. and Mrs. Louis Celio of Berkeley.

The address of Mrs. Jesse Hale, formerly of Kings Beach has been recently changed from Oakland to Walnut Creek.

Mrs. M. C. Hart returned to Tahoe Vista after spending the weekend in the bay district.

See Games— Mr. and Mrs. Frank Giovannoni visited in Woodland and Sacramento during the weekend, enjoying the doubleheader baseball games in the capital city.

Here From Arizona— Mr. and Mrs. K. Williams of Tucson, Ariz., visited their sons here last week.

On Summit— William Gray of Kentfield visited his property at Soda Springs last Friday.

Guests From Roseville— Mr. and Mrs. Norman Albee had as their guests during the week, Mrs. Lois Tackett and Mrs. Mary Sheldon of Roseville.

At Soda Springs— Mr. and Mrs. Chris Windsat came back from Cathedral City, again greeting friends at Soda Springs.

Baileys Back— Mr. and Mrs. William Bailey of San Francisco have returned here for the season.

Unemployment Service Ends In This District

Raulin J. Silveira, manager of the Auburn district office of the state department of employment, announced this week that the service which has been provided the Truckee-Lake Tahoe area through a transient office here, is being discontinued for the summer months.

The case load of unemployed has dropped to a point where the local office is no longer necessary, Silveira said, adding that those requiring the service must now contact the office at Auburn.

Silveira also urged employers to contact his office for free employment services.

Tarzan

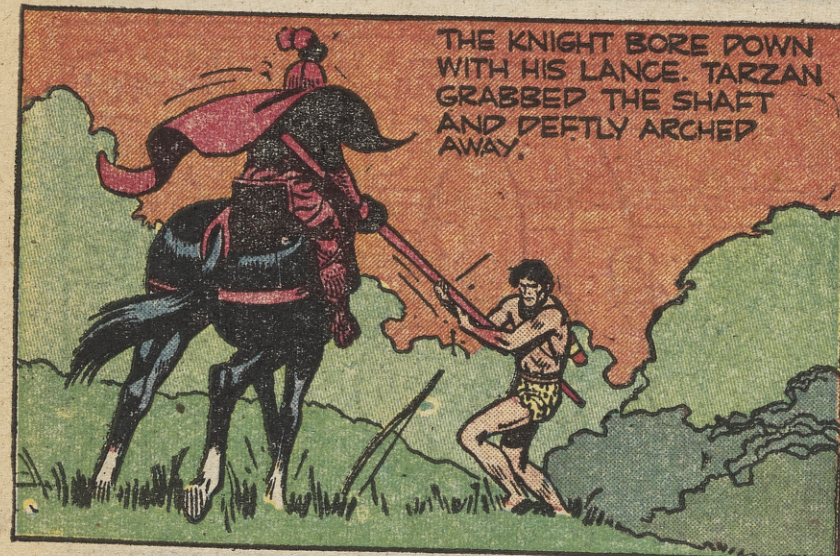

by EDGAR RICE BURROUGHS

WHILE WANDERING THROUGH A STRANGE VALLEY, TARZAN WAS STUNNED BY THE APPEARANCE OF A KNIGHT IN BRIGHT RED ARMOR!

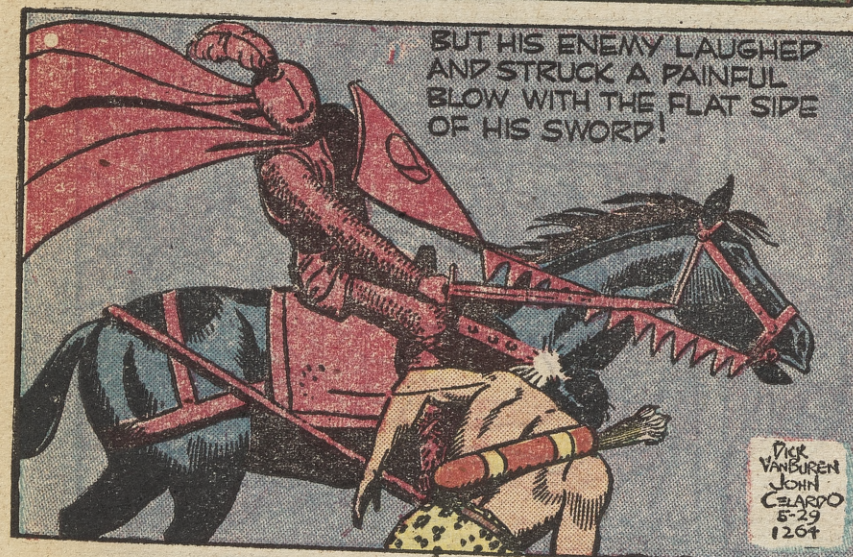

AN INCONGRUOUS FIGURE IN THE JUNGLE, ABRUPTLY THE KNIGHT SPURRED HIS MOUNT AND CHARGED AT THE SURPRISED TARZAN. "LO, FILTHY SAVAGE-- I DEFY THEE!" HE SHRIEKED.

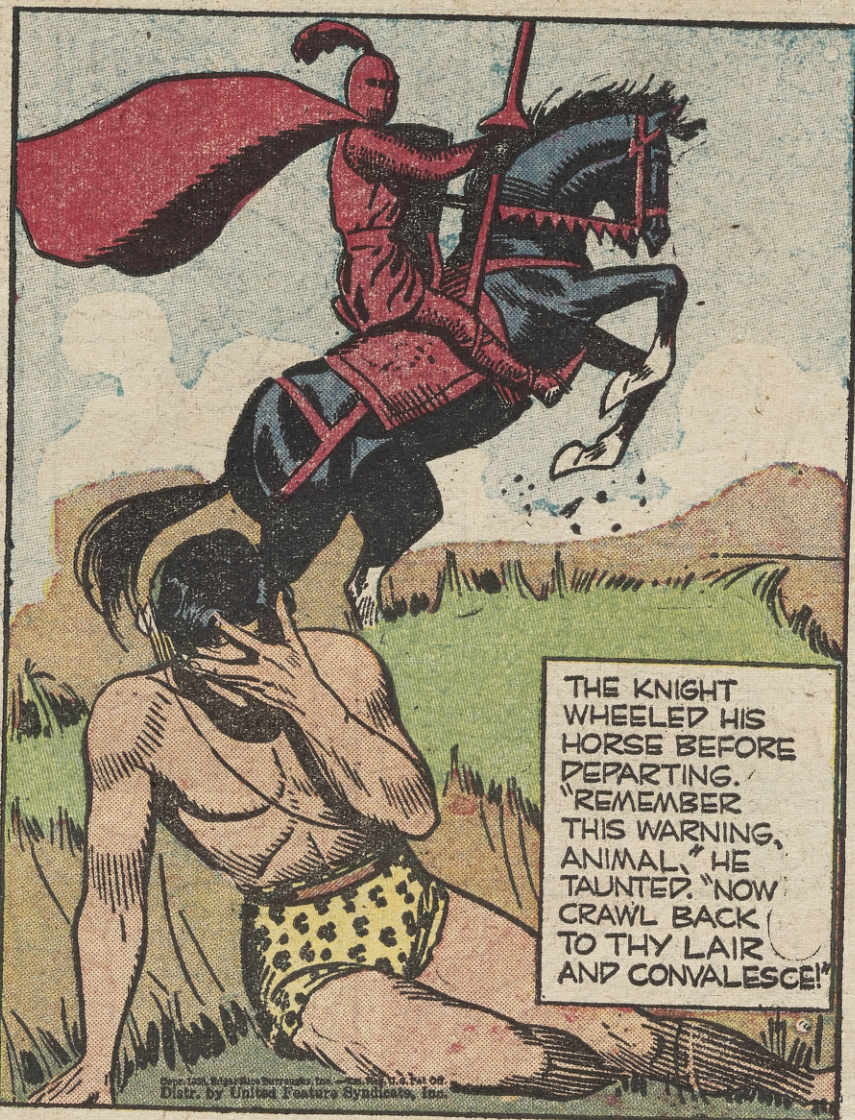

TARZAN ANSWERED THE CHALLENGE AND SHOT AN ARROW, YET IT DEFLECTED OFF THE MAN'S PLATED ARMOR.

THE KNIGHT BORE DOWN WITH HIS LANCE. TARZAN GRABBED THE SHAFT AND DEFTLY ARCHER AWAY.

BUT HIS ENEMY LAUGHED AND STRUCK A PAINFUL BLOW WITH THE FLAT SIDE OF HIS SWORD!

THE KNIGHT WHEELED HIS HORSE BEFORE DEPARTING. "REMEMBER THIS WARNING, ANIMAL," HE TAUNTED. "NOW CRAWL BACK TO THY LAIR AND CONVALESC!"

ABBIE SLATS by
RAEBURN VAN BUREN

SORRY TO DISTURB YOU AT HOME, SNOOT-WORTHY, BUT THE CHIEF, THE SUPERINTENDENT AND I--YOUR MAYOR--WANT A WORD WITH YOU REGARDING YOUR (SHUDDER) SON, BRATLEY.

D-DON'T DO IT--HE'S ONLY A CHILD!

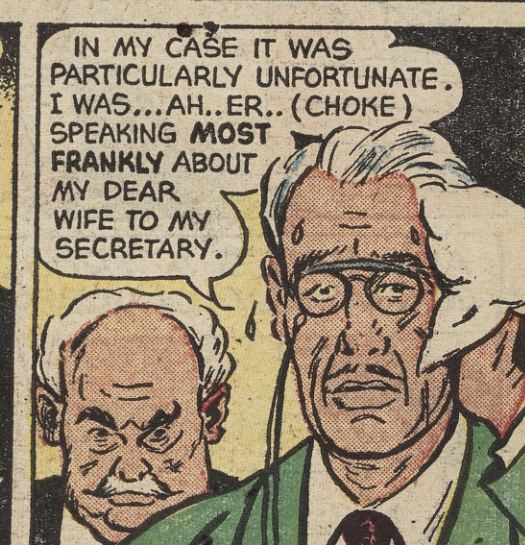

EACH ONE OF US HAS BEEN VICTIMIZED BY THE LITTLE MONS...ER..BOY. HE SECRETLY PLACED A TAPE RECORDING MACHINE IN OUR OFFICES--

NATURALLY (CHOKES) WE MIGHT HAVE SAID SOME THINGS WE WOULDN'T WANT TO BE MADE PUBLIC!

NATURALLY!

IN MY CASE IT WAS PARTICULARLY UNFORTUNATE. I WAS...AH..ER.. (CHOKES) SPEAKING MOST FRANKLY ABOUT MY DEAR WIFE TO MY SECRETARY.

THEN THAT LITTLE SUITCASE HE CARRIED AROUND WITH HIM WAS A--

A TAPE RECORDER, MADAM!

AND THE MONEY HE'S BEEN SORTING INTO PILES. THAT WAS--

D-DON'T (GROAN) SAY IT, SIR!! BUT IT (SOB) WAS--

WHERE ARE YOU GOING?

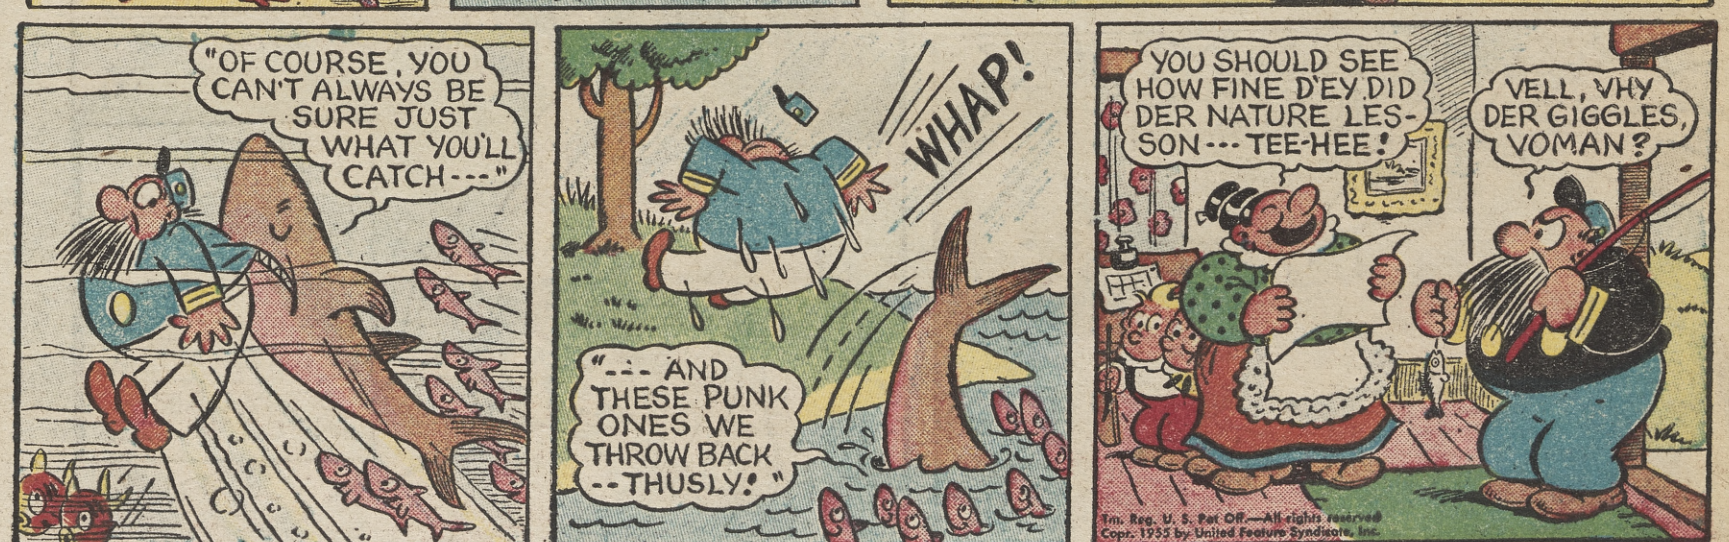

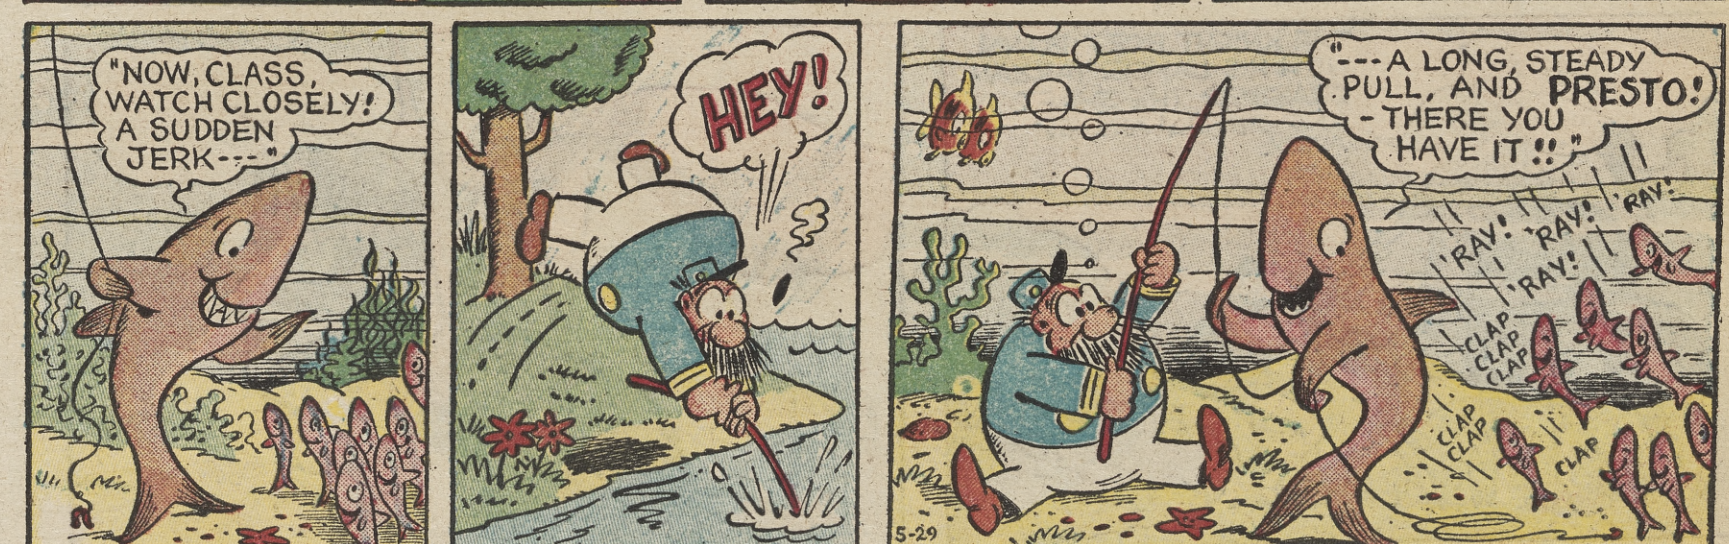

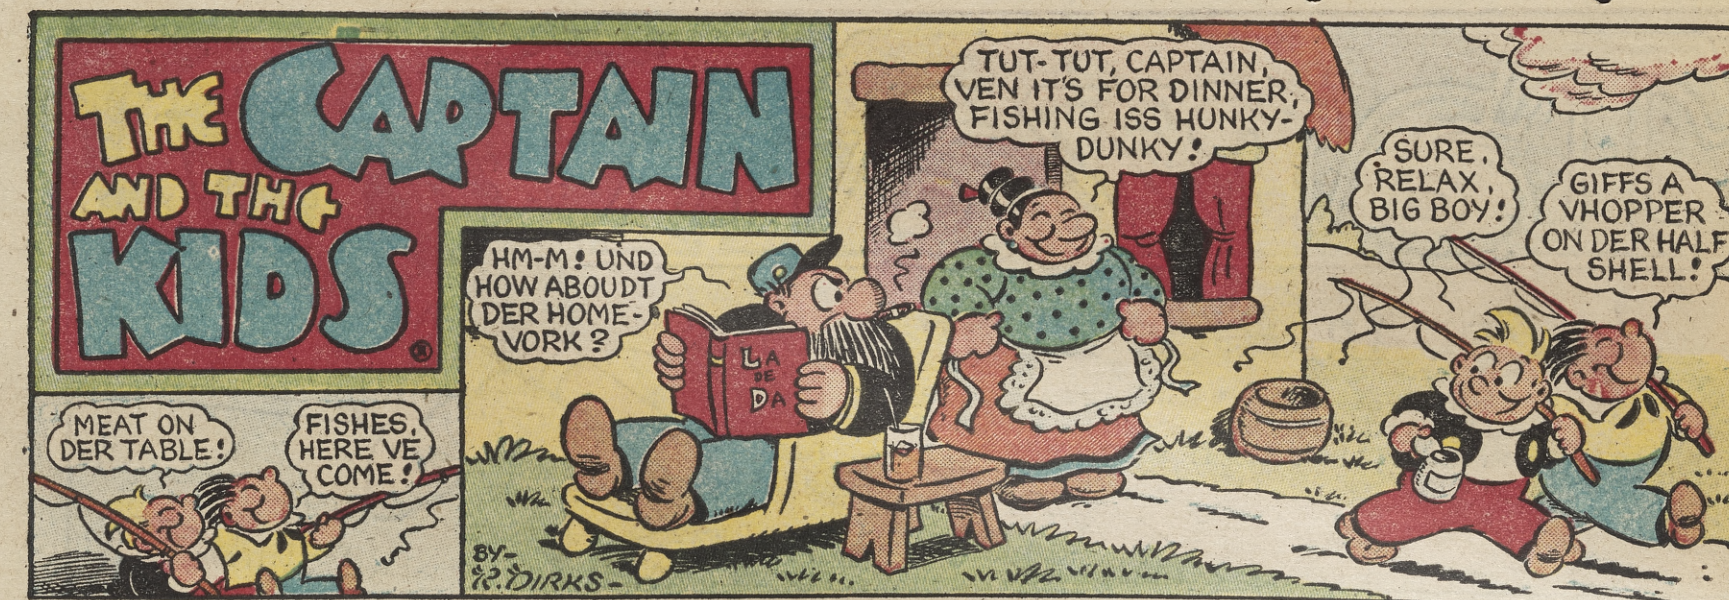

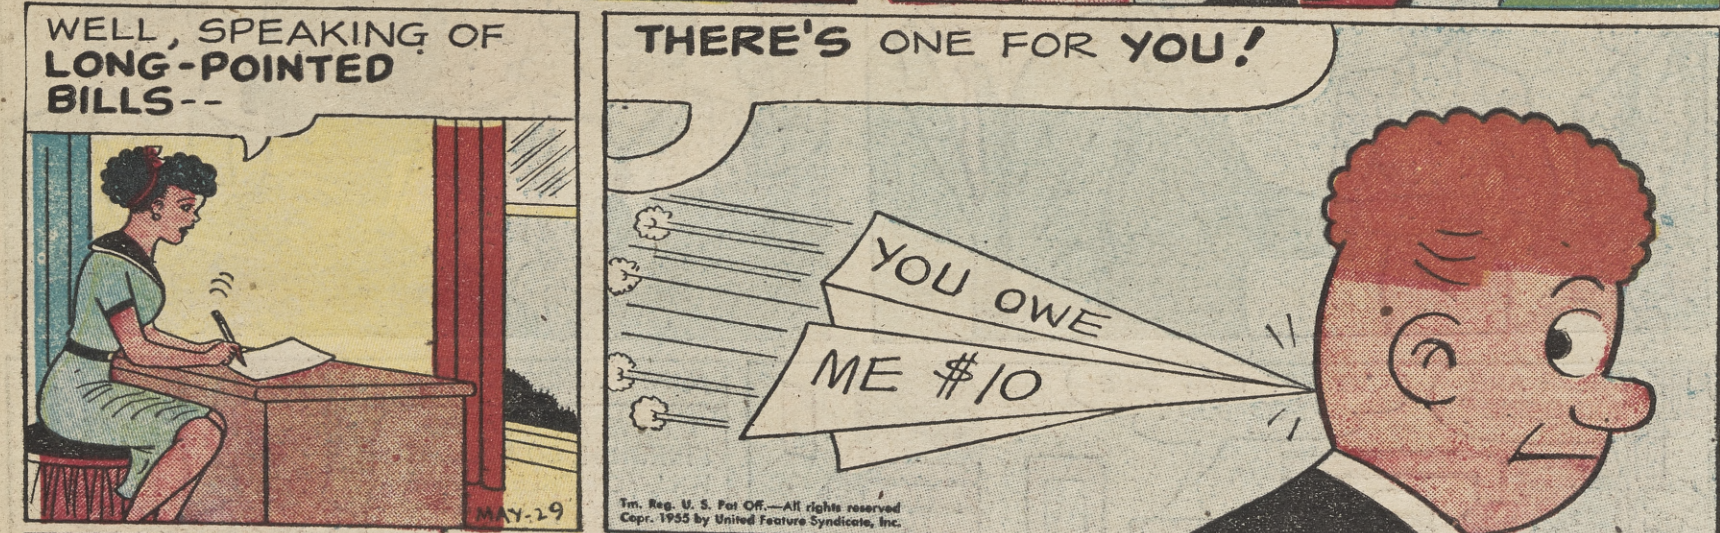

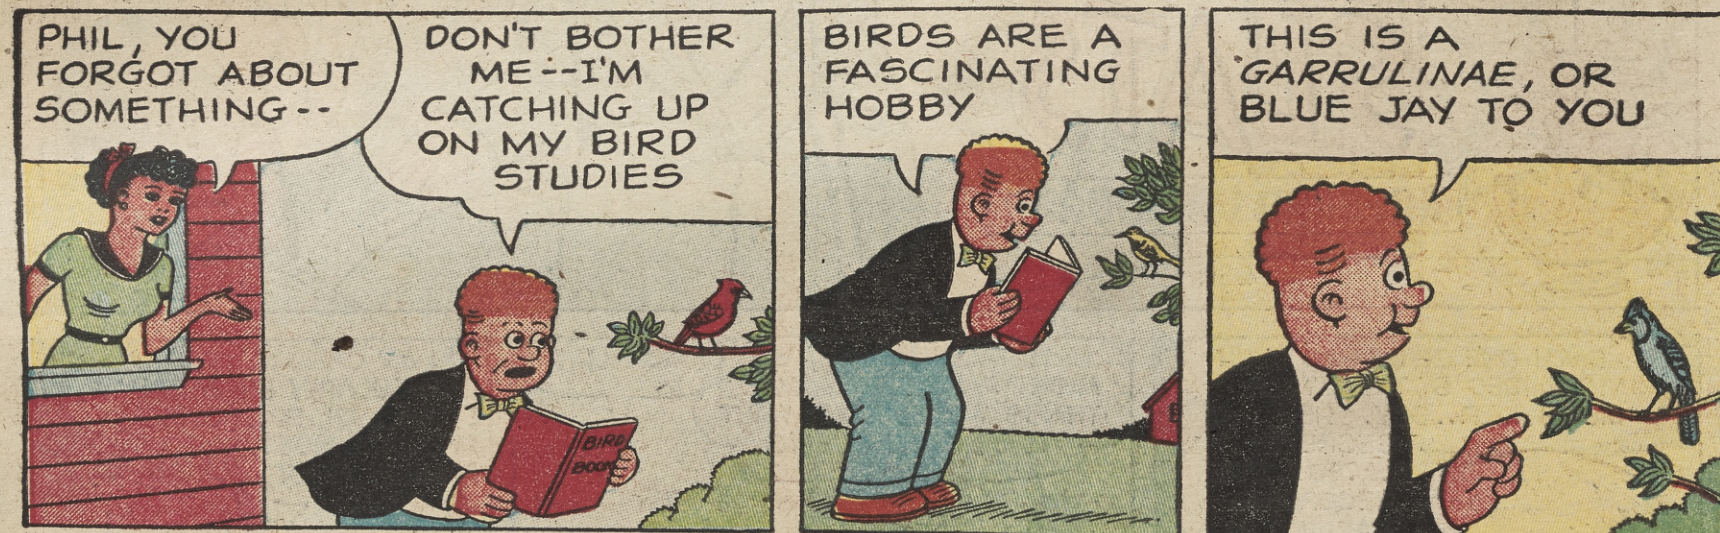

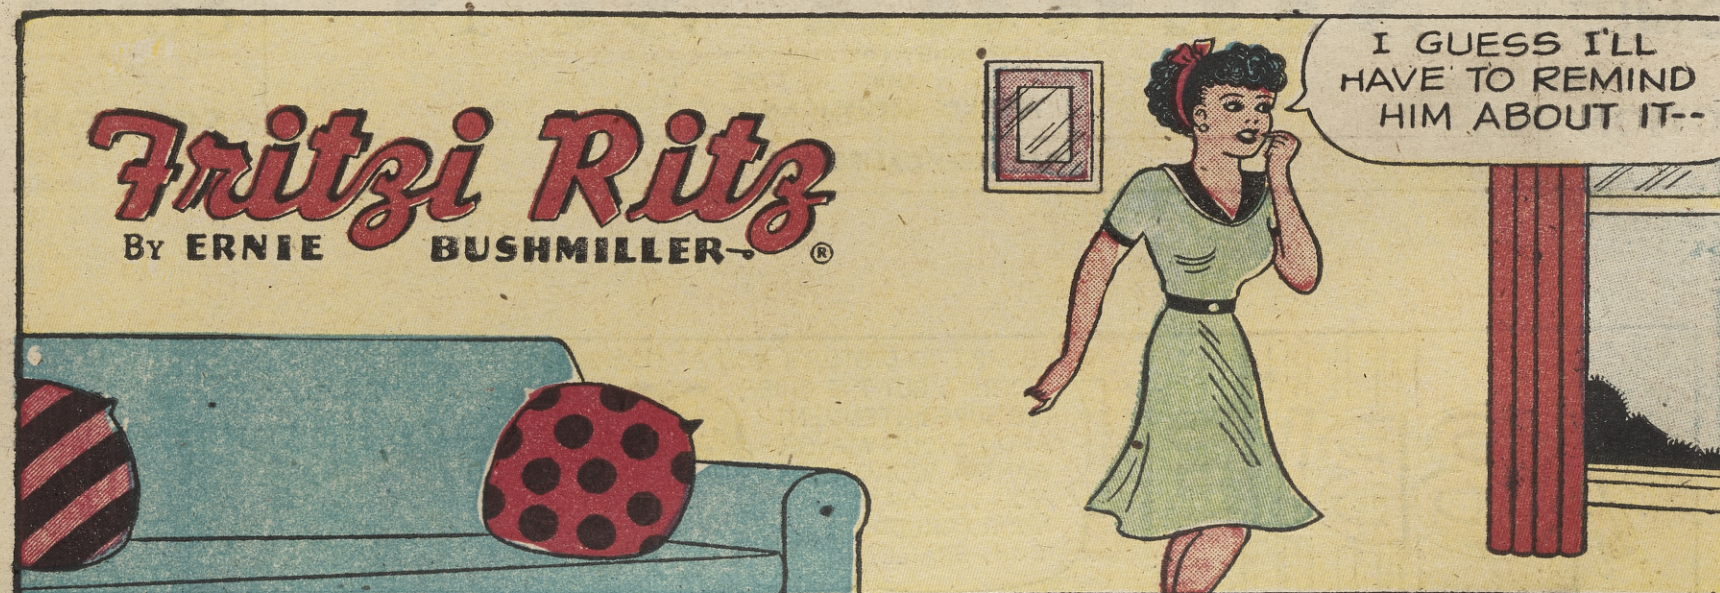

TO GET THAT TAPE RECORDER!

A FEW MINUTES LATER.

I HAVE AN IDEA SO FIENDISH, SO FOUL, IT WILL (CHUCKLE) MAKE BRATLEY PROUD OF ME FOR THE FIRST TIME IN HIS MISERABLE LITTLE LIFE!!

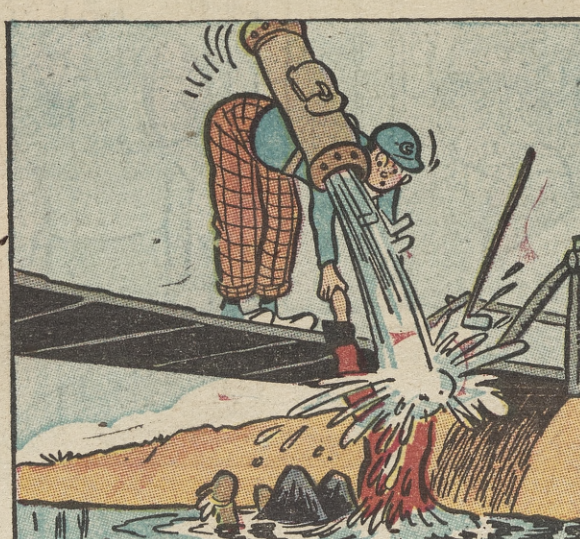

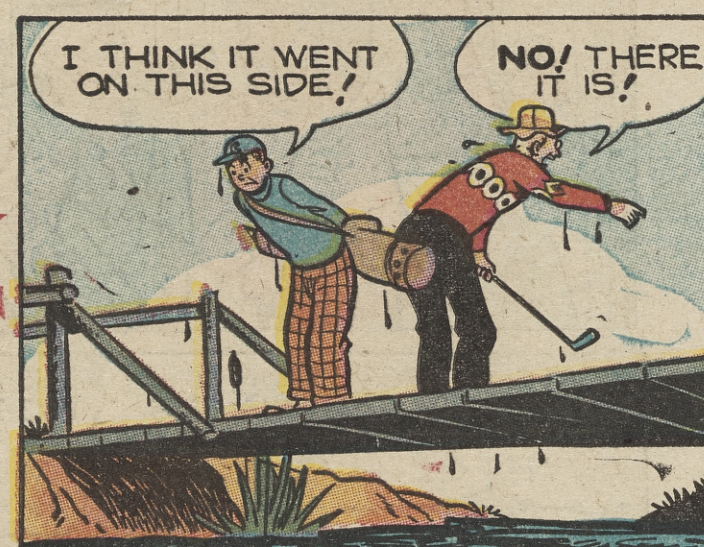

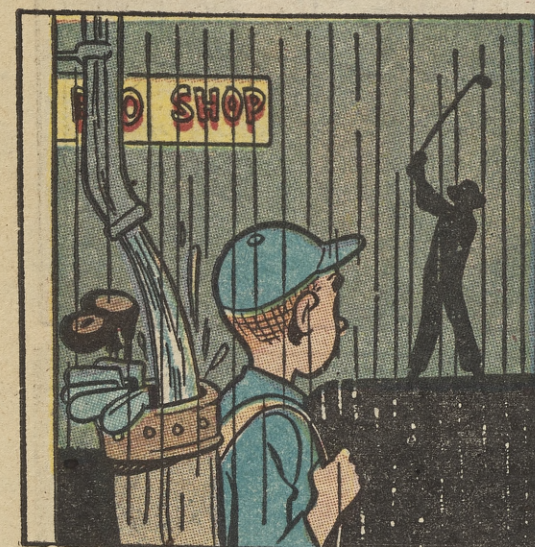

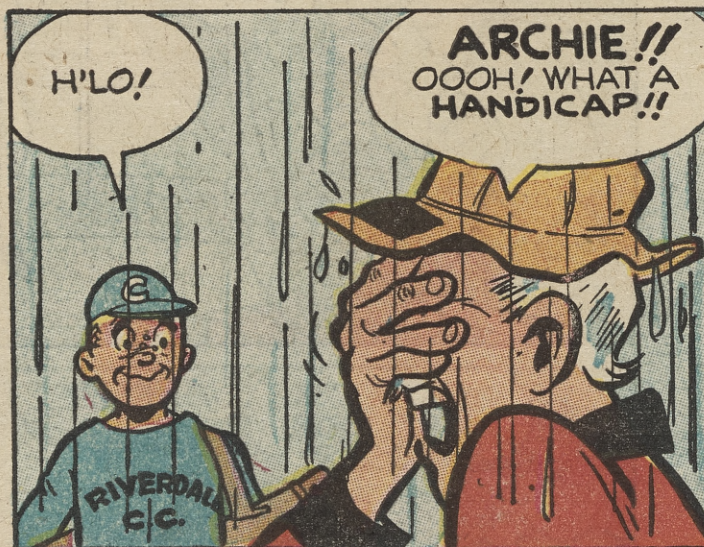

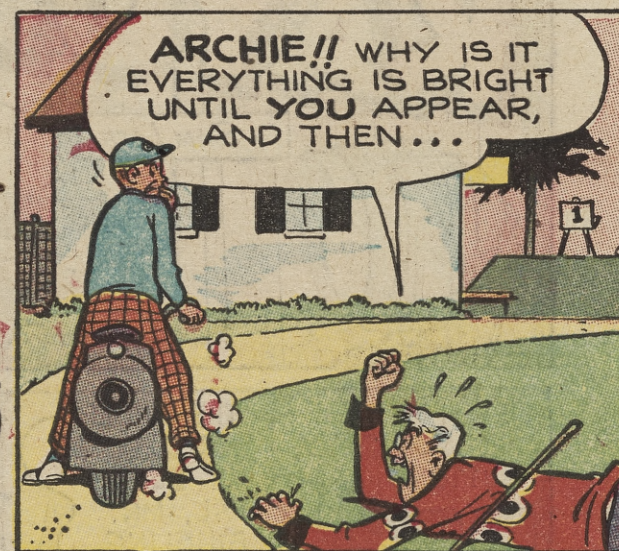

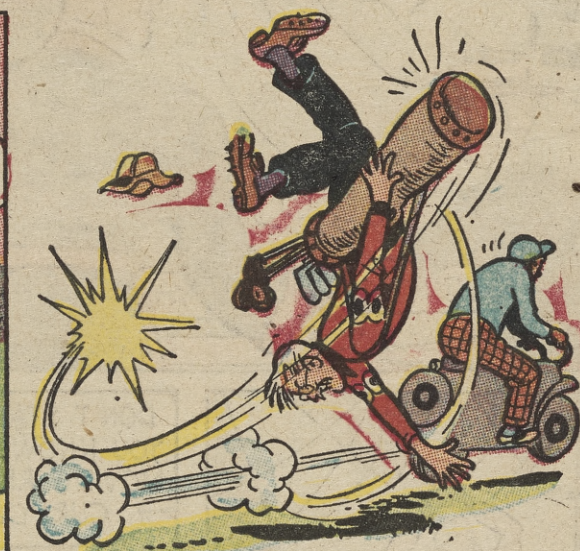

TO BE CONTINUED

CURLY KAYOE

by SAM LEFF

THE BAND ARE PLAYING YOUR "CUE" MUSIC, CURLY.

I'M READY, BUTTONS.

LISTEN TO THEM CHEER FOR CURLY, BUTTONS

THE WHOLE WORLD LOVES MY BUDDY-PAL, MR. BINGLING, SIR!

DON'T STAND AROUND, BOYS - YOU KNOW THIS SHOW STARTS MOVING RIGHT AFTER CURLY'S ACT!

YES, SIR!

WE JUST WANTED TO WATCH THE CHAMP'S BIT! HE'S GREAT!

WHAT'S OUR NEXT STOP, BOSS?

ARKLEY?

MR. BINGLING - I'M NOT FEELING WELL! I DON'T THINK I CAN GO ON TODAY.

O.K., ANDY - TAKE IT EASY FOR THE NEXT FEW DAYS!

WHAT'S WRONG WITH ANDY??

I DON'T KNOW, CURLY - BUT HE ALWAYS GETS SICK JUST BEFORE WE OPEN IN ARKLEY!

THIS ARE THE FIRST TIME I HAVE HEARD OF ANYONE WHO ARE ALLERGIC TO A TOWN!

I HOPE ANDY ISN'T HIDING A "PAST" BEHIND THAT COSTUME!

HM... IT COULD BE DONE!

THAT ARE UNPOSSIBLE! ANDY LOVES TO AMUSE CHILDREN TOO MUCH TO BE A BAD MAN!
